

## C.P.R. Purchase Vote May 25

### Fruit Board Election Likely

#### Grower Delegates to Meet in Kelowna for Three Big Nominations

Fruit Board Members to be Nominated at First Meeting Here on Friday—B.C.F.G.A. Executive will be Named and Decision Made as to Board of Governors Personnel—If Chosen, Board of Governors will Likely Convene at Once to Choose General Manager for B.C. Tree Fruits Ltd.

#### Will There be Change in Board Members' Stipend?

TODAY, Friday and Saturday will see growers' delegates from all parts of the tree fruit growing area of the Interior convene in Kelowna for important conferences which will tend to change many aspects of the fruit marketing setup. Today the B.C.F.G.A. executive holds its last meeting in Kelowna prior to the election of the 1939-40 executive. On Friday, at 10 o'clock, the annual meeting of delegates of the B.C. Fruit Board will discuss the future of the fruit board. Following on the board meeting, these same delegates, meeting as directors of the B.C.F.G.A., will elect its executive and will probably choose the board of governors for B.C. Tree Fruits Ltd.

The B.C.F.G.A. executive will convene at 10 o'clock this morning and its discussion will probably last most of the day, before the many subjects to be decided are cleared away, ready for the fruit board meeting on the morrow.

The fruit board delegates will first consider the annual report and financial statement of the board and will most likely then decide as to the future operations of the board, whether, in the event of B.C. Tree Fruits Ltd. being the designated agency handling central selling, the board will need to continue as a salaried trio.

There are four possibilities in this discussion. The board may continue on the present salary of \$3,000 per member, the stipend may be cut to an honorarium, there may be a variation from the present salary, or the board may be placed on a per diem allowance plus expenses, as advocated in a resolution from the Oliver local.

In all likelihood, the nominations for board members will then be sought. No definite assurance has been received as to any new growers allowing their names to stand for nomination to the fruit board, but the names of Percy French of Vernon and Thos. Wilkinson of Kelowna have been mentioned frequently.

W. E. Haskins, B.C. Fruit Board chairman, when asked by The Courier if board members would allow their names to stand for re-nomination to the board, replied that that would depend upon the delegates' decision as to the future operation of the board.

It is anticipated that the fruit board delegates' session will continue all day Friday and that the B.C.F.G.A. directors' session will not commence until Saturday morning. Various minor resolutions will have to be dealt with, such as changing the bylaws to allow for the president and secretary to pay current expenses, which will be passed on later by the executive when it meets at its quarterly sittings.

At this growers' association meeting the eight governors for B.C. Tree Fruits Ltd., the grower-company which would be designated as the single agency by the fruit board provided a central-sell.

#### Kelowna Turns Down Application of Crescent Shows to Appear Here

Council Unanimous That Midway Which Wintered in Valley Will Not Enter City

Kelowna city council emphatically turned down an application from the Crescent Canadian Shows which wintered in Kelowna last year. The council is unanimous in its decision to refuse the application for a license to show in Kelowna next week. This is the third application which the council has considered this year, but the other two shows were sponsored by the Canadian Legion.

Jack Scott, who signs himself as assistant manager of the Crescent Canadian Shows, was vituperative in his explanation when condemning the other show which was to appear in the district this week.

He claimed the forthcoming show had been granted permission to show in Kelowna through "misrepresentation and gross exaggeration." His letter, followed by a telegram repeating his damning condemnations, showed the bitter rivalry existing between the travelling shows.

The circus which Scott referred to was sponsored by the Canadian Legion and was granted permission to appear in Kelowna if it posted a licence fee of \$200 per day in advance and no games

#### EXEMPT CHURCH PROPERTY

Three readings were given on Monday night at the council session to a bylaw exempting the Okanagan Buddhist Society property, lot 26, map 578, from taxation.

#### REPORTS AGREEMENT PROGRESS

Alderman Cather reported progress on the agreement to be drawn between the city and James Coupland, new garage collector, but as Mr. Cather had had no opportunity to discuss the agreement with his committee members, the subject was postponed a week by the council on Monday.

#### Kelowna Electrical and Plumbing Firms Submit Lowest Tenders for Two Contracts on Hospital Building

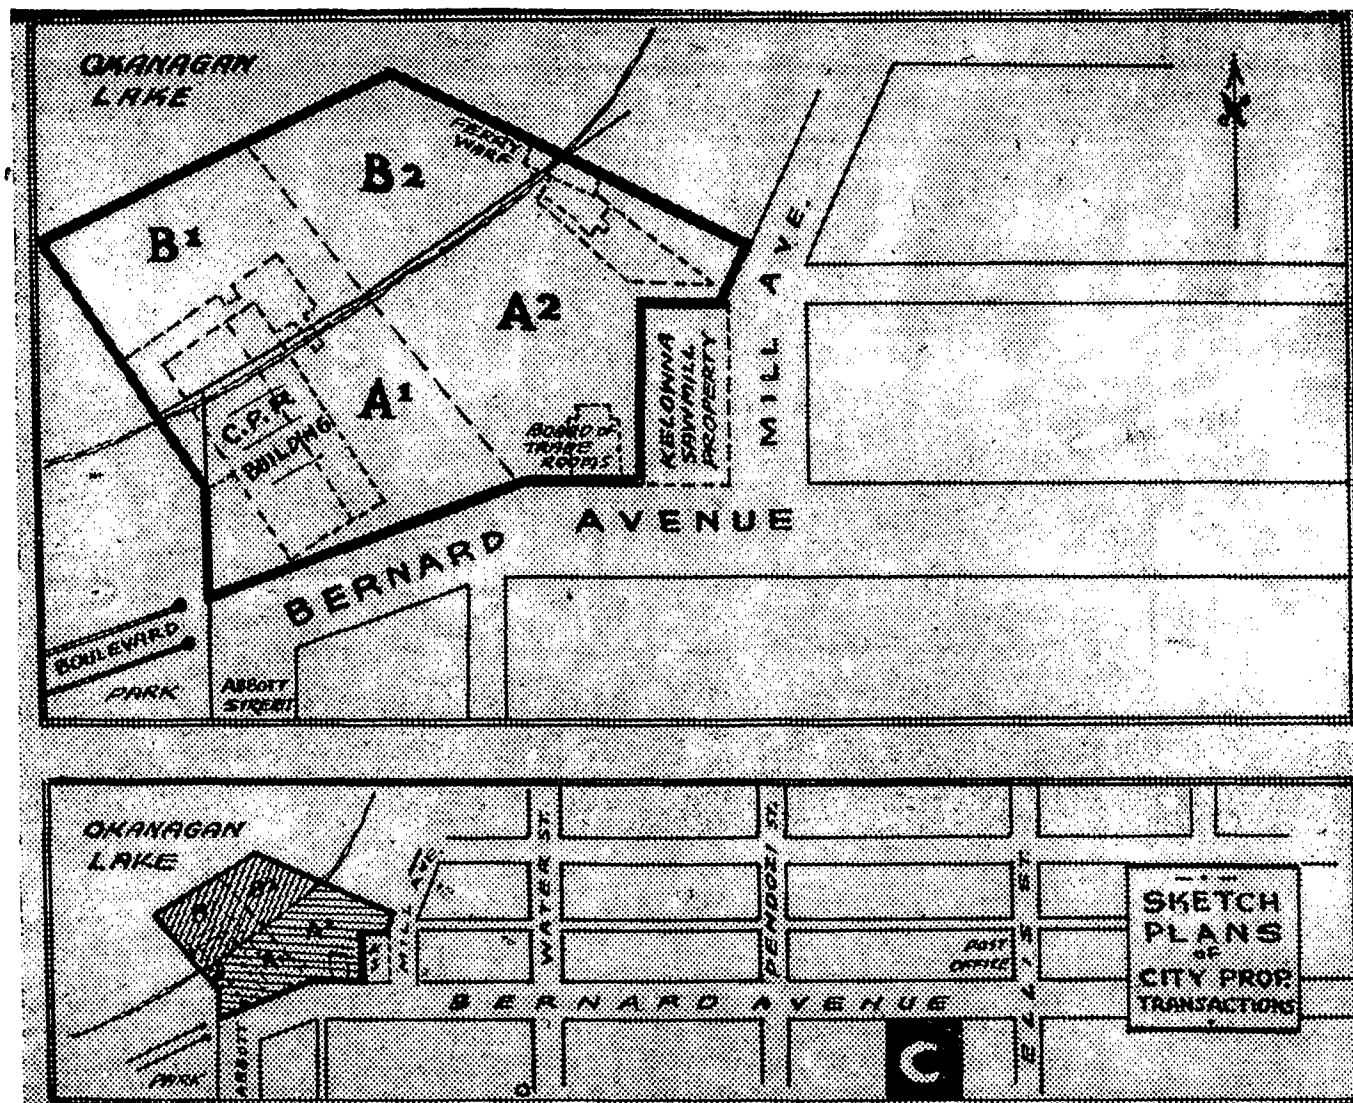

Kelowna Electric Ltd. and J. Galbraith Ltd. Are Lower Than Vancouver and Other Valley Bids—Vancouver Firm Lowest for General Contract—No Contracts Are Awarded

TWENTY-TWO tenders were submitted by Kelowna, Vernon, Penticton, Vancouver and New Westminster firms for the general contract, electrical, and plumbing, heating and ventilating tenders for the construction of the proposed \$130,000 Kelowna general hospital unit. These tenders were opened at a public meeting held in the Royal Anne hotel private dining room at 4 o'clock Monday afternoon, May 8, and attended by a large number of contracting firms' representatives.

#### APPLICATION GRANTED

Hugh A. Kennedy's application for a garage licence to occupy the north part of the McDonald Garage, formerly occupied by Don McLean Motors was granted by the council on Monday night conditional on Mr. Kennedy being able to obtain the necessary permission from Victoria to distribute gasoline.

The Courier has attempted by the above diagrams to simplify the explanation of the "C.P.R. Purchase and Crown Exchange" bylaw upon which the property owners in the city will vote on Thursday, May 25th. While the transaction in all its details is rather complicated, the net result is that the city will obtain the southern portion of the C.P.R. Bernard Avenue property for about \$2,200. The top plan shows in detail the C.P.R. property involved. A1 and A2 represent the land between Bernard and the water while B1 and B2 represent water lots upon which the C.P.R. have a foreshore lease from the crown. If the bylaw is approved the city will purchase the entire property as outlined by the heavy black line from the C.P.R. It will then sell the northern half, A2 and B2, to the provincial government. The dividing line is just south of the present board of trade building. The provincial government's portion will include the ferry slip and the ferry approach. The city will retain that portion adjacent to the park, A1 and B1, and which now contains the C.P.R. buildings, which will be demolished. The lower plan shows all the properties involved. The C.P.R. property is shown at the foot of Bernard while between Pendozi and Ellis streets the property marked "C" is the present public works lot which the city will obtain from the province as part payment for A2 and B2 and will immediately sell to A. C. Bennett for \$6,200. The city will pay the C.P.R. \$10,000 for A1, A2, B1 and B2, it sells B2 and B1 to the province for \$1,000 plus "C"; it then sells "C" to A. C. Bennett for \$6,200. It retains A1 and B1 and tears down the C.P.R. buildings and sells the material for approximately \$600, leaving the net cost to the city of A1 and B1 at about \$2,200.

Proposed Purchase of C.P.R. Property by City

#### Property Owners will Decide Whether City To Buy C.P.R. Property

Property Owners Will Vote on C.P.R. Purchase and Crown Exchange Bylaw on Thursday, May 25th—Bylaw Means City Will Obtain Southern Half of Present C.P.R. Bernard Avenue Property for About Twenty-two Hundred Dollars—Province Will Erect Building on Northern Half—Property at City's Front Door—Hopes of Many City Councils of Past Years Now Near Realization

#### Deal Complicated But Result Simple

KELOWNA taxpayers will go to the polls on Thursday, May 25, to vote on a money bylaw involving a net sum of \$2,250 and authorizing purchase of the Canadian Pacific Railway property at the foot of Bernard Avenue. The deal is an involved one, but briefly, the city will purchase the C.P.R. property for \$10,000. It will then exchange the northern half of the property for the provincial government lot on Bernard Avenue directly east of Brown's Pharmacy and now occupied by the provincial department of public works building. The city will then sell this Bernard Avenue lot to a syndicate headed by A. C. Bennett, contractor, for \$6,200. In exchanging lands with the provincial government, the city will be paid \$1,000 by the latter body.

The city will pay the C.P.R. \$10,000.00 for the entire property. This is the city's outlay. On the other hand the city will receive \$1,000.00 in part payment for the northern half of the lot purchased by the city and \$6,200.00 for the public works lot on Bernard which the city takes as part payment on the province's half of the C.P.R. lot. Thus the city pays out \$10,000 and receives \$7,200 in cash. In addition, however, the city will receive probably \$600.00 from the materials in the present C.P.R. buildings when they are wrecked. The city therefore will receive about \$7,800.00 in cash against the \$10,000.00 paid out. In other words the net cost to the city for the southern half of the C.P.R. property will be about \$2,200.

Voting will take place on Thursday, May 25, at the council chambers, Bernard Avenue, between the hours of 8 a.m. and 8 p.m., with C. H. Dunn, city clerk, as returning officer.

This C.P.R. property takes in the lakeshore section at the west end of Bernard Avenue from the present wharf where the ferry is making its landings north east to the Ferry Service Station, excluding the corner portion of Mill and Bernard avenues, where the Kelowna Sawmill office and property is located.

The C.P.R. express office and wharf is at present located on the westerly portion of this property and if the ratepayers approve of the entire deal, these unsightly buildings will be removed and plans laid for the general improvement and landscaping of the lakeshore frontage, thus adding greatly to the appearance of the approach to Kelowna from the ferry.

By deeding the northern half of the property to the provincial government, that body will obtain title to its ferry slips and approach and there is every possibility that the government will erect a provincial government office on the site, it is understood.

The provincial government, in paying for this half of the C.P.R. lots, will give the city of Kelowna \$1,000 in cash and title to the valuable business property on Bernard Avenue, located between Brown's Pharmacy and the Palace Meat Market. This property has not been on the city tax roll for the past quarter century.

A definite offer has been made to the city by A. C. Bennett, Kelowna contractor, to purchase this Bernard Avenue property for the sum of \$6,200. He is believed to head a business syndicate which would erect a modern business block containing two stores on this site.

#### VERNON GROWERS THROW OUT ANY DELAY FOR PLAN

Turn Down Emphatically Suggestion of Two Fruit Board Members for Delay of the Central Selling Scheme

#### WOULD WAIT YEAR

G. A. Barrat and O. W. Hembling Express Doubts About Shipper Cooperation in Central Sales Plan

A motion recommending that the meeting then assembled should accept the Fruit Board's suggestion, and hold support of the so-called "central selling plan" in abeyance until adequate legislation was forthcoming, was defeated by a vote of growers in the Vernon Fruit Union Hall on Monday evening.

This motion and its defeat became the key note of the session which was one of the regular meetings, called by the board in conformity with the scheme under which it operates. G. A. Barrat and O. W. Hembling were the members of the board present and they both expressed the opinion that the projected plan for central selling was not sound.

#### TRADE BOARD APPROVES BYLAW

Endorses C.P.R. Property Purchase—Feel That Opportunity Should not be Allowed to Slip

At a special meeting of the board of trade held Wednesday the C.P.R. purchase and crown exchange bylaw was unanimously endorsed. The city council's proposal was viewed from all angles and the actual property was examined.

Following a general discussion which lasted the latter part of an hour, the board unanimously passed a resolution approving of the proposed purchase and transfer of property which will give the city one half of the present C.P.R. property for about \$2,200.00. A copy of the resolution is being forwarded to the city council.

During the discussion the members agreed that the present opportunity should not be passed up by the city. If the city failed to take advantage of the present exceptionally favorable situation, the property would fall into the hands of possibly undesirable private hands.

The short session, assisted by Secretary P. E. Russell, and Mrs. W. J. McDowall, J. Logie, and J. R. Deale, directors

#### Four Kelowna Students Receive Their B.A. Degrees in Graduating From University of British Columbia

Miss Nancy Gale Also Awarded M.A. Degree at U.B.C.—W. E. Hughes-Games Receives B.Sc. Degree—Other Students of Kelowna District Rank High in Examination Results Released from Vancouver on Wednesday

FOUR Kelowna students at the University of British Columbia are to receive their baccalaureate degrees today, while a teacher of the Kelowna schools has attained her M.A. degree, according to telegraphed advice received by The Courier on Wednesday at noon from the extension department of the University.

Miss A. Moira (Nancy) Gale, of the Kelowna teaching staff, has been awarded her M.A. degree from the U.B.C. She has been studying during the winter months to attain this degree.

Second class honors were awarded Alan B. Staples sons of Mr. and Mrs. R. B. Staples and Robert M. Hayman, son of Mr. and Mrs. L. A. Hayman, in receiving their B.A. degrees. Robert D. Knox, son of Dr. and Mrs. W. J. Knox and Gloria E. Trussell daughter of Mr. and Mrs. H. A. Trussell, passed and will obtain their B.A. degrees.

Still another honor comes to Kelowna with the announcement that William E. Hughes-Games son of Mr. and Mrs. W. E. Hughes-Games, Kelowna, has received his bachelors of applied sciences degree in electrical engineering. He obtained second class honors as well.

In this year's list, Frederick B. C. Turn to Page 6, Story 5

#### FAIRBRIDGE BOYS AT FINTRY

About June 10 next a party of from 24 to 26 youths from the Prince of Wales, Fairbridge Farm, Schools, Dunsmuir, will arrive at Fintry, where they will spend the summer.

The youths will work at Fintry which was presented to the Fairbridge Schools last summer by Capt. J. C. Dunsmuir, until the end of October, when they will return to Vancouver Island.

At present there are three boys at Fintry. One is leaving next week to accept a post with a firm having completed training, and another will arrive from the Coast according to August Gray who is in charge of Fintry. A party of four Fairbridge officials visited Fintry last week and inspected the property. They were Gordon Green, general secretary of Fairbridge Schools, who is in British Columbia from London, A. J. Hendry, of Vancouver, a director, and Col. Harry Logan, principal, and A. I. Grogan secretary, of the Prince of Wales School.

#### SPRAY THEIR OWN TREES

Among the applications received by the council from persons desirous of spraying their own trees this year were Mrs. Martin Boklage, Ambrogio Cincin, M. Jenkins, Karl Koch, Oscar Mair, and Frank Varney. The applications were approved on Monday night by the council.

#### Pendozi To Be Launched on Thursday, May Eighteenth

Public Works Minister's Wife Will Officiate at Important Milestone in Okanagan History

The "Pendozi" new Kelowna West bank ferry, will be officially launched on Thursday, May 18th, with Mrs. P. M. MacPherson wife of the minister of public works officially christening the craft.

The date of the launching was announced on Tuesday by the department of public works and the board of trade proceeded immediately to lay plans to clothe the important event with appropriate ceremonies.

The launching ceremony will take place at three o'clock in the afternoon and will be attended by Hon. P. M. MacPherson, Mrs. MacPherson and it is expected Dr. K. C. MacDonald.

The board of trade through a committee is making plans to make the launching of the new ferry an affair of valley significance. The mayor and one member of the council and two members of the board of trade of each Okanagan municipality will be asked to attend a luncheon held probably in the Royal Anne at noon of the day in question. In addition invitations are being sent to the general membership of the various boards of trade to be present at the launching ceremonies.

Details of the affair are not complete but are moving forward rapidly in the hands of a competent committee. His Worship Mayor Jones has tentatively signified the council's willingness to have the street decorations erected for the occasion, giving a festive appearance to the city.

It is hoped that a large body of local citizens will be present to see the new link in the Okanagan highway system slide down the ways.

It is expected that a small luncheon party will be arranged at which Mrs. MacPherson will be the guest of honor.

The general membership of the board of trade is asked to attend the luncheon meeting at the Royal Anne at 12:30 on the launching day. This meeting will be attended by councillors and representatives of the boards of trade of the Valley cities and municipalities. The meeting will replace the regular monthly general meeting which is held on the third Friday of each month.

At a special meeting of the board of trade on Wednesday, it was decided that a suitable memento of the occasion should be given to Mrs. MacPherson who officiates at the launching of the Pendozi. The committee in charge of the arrangements will also handle this matter.

## THE KELOWNA COURIER

Established 1904

A newspaper devoted to the interests of the Kelowna District of the Okanagan Valley in British Columbia, published every Thursday morning by The Kelowna Courier Ltd. The Kelowna Courier is a member of the Canadian Weekly Newspapers Association and of the British Columbia Weekly Newspapers Association.

Subscription Rate: \$2.50 in Canada; \$3.00 in other countries; single copies, five cents.

### MEMBER OF "CLASS A" WEEKLIES

Winner of M. A. James Memorial Shield, emblematic of best "Class B" front page in Canada. Winner of second place in Clark Trophy competition, emblematic of the best all-round "Class B" weekly in Canada.

G. C. Rose, President  
R. A. Fraser, Secretary

R. P. MacLean,  
Editor and Manager

The Kelowna Courier has by far the greatest circulation of any newspaper circulating in the Central Okanagan Valley.

THURSDAY, MAY 11th, 1939

### Pass This Bylaw

The property owners of the City of Kelowna are being asked by the city council to approve of the C.P.R. Purchase and Crown Exchange Bylaw on Thursday, May 25th.

This bylaw, while apparently complicated and confusing, if boiled down to the essentials, is simple in the extreme. It simply enables the city to purchase one half of the present C.P.R. property at the foot of Bernard Avenue for about \$2,200.

The entire deal centres around the city purchasing the entire C.P.R. property and subsequently selling one half of it to the province for one thousand dollars and the public works lot on Bernard Avenue. The city will then sell the public works lot to a syndicate headed by A. C. Bennett. The net result of the whole transaction is the city obtains the half of the C.P.R. property adjacent to the city park for a total outlay of about \$2,200.

The entire deal cannot help but be beneficial to the city. The group headed by A. C. Bennett, it is understood, immediately it obtains possession of the present public works lot, will proceed to erect a building containing two stores. The business district of the city with this be benefited.

The province, it is understood, is contemplating the immediate erection of a public works building on the section of the C.P.R. property where the board of trade building is now located. The province would house the various local branches of the various departments in this building and the building itself would be a decided asset to the appearance of the city.

The city itself would obtain for the proverbial song property which it has been anxious to obtain for many years. All past efforts to negotiate this deal have met with failure. The present instance is the first opportunity the city has had of achieving its objective and if the property owners consent, it will do so under exceptionally favorable conditions.

If the bylaw receives the approval of the voters, it is probable that the C.P.R. building will be removed within a short time and some effort made to give the property an appearance in keeping with its position as the "front door" of the city. While it is doubtful if any extensive beautification plans will be carried out this year, the property has every possibility of being made a spot of which the city may well be proud. Located as it is at the very entrance to the park, the park atmosphere can readily be extended to include it. The property is seen from the Bernard Avenue business section and by all passengers on the ferry. Therefore, it is suitably landscaped, it should be in a position to give all visitors a favorable impression of the city.

There is another angle to the purchase. Should the property owner refuse to ratify the purchase, the property will undoubtedly be sold to some private individual or corporation. Some business might be established there which would do much harm to the park itself and the general appearance of the city. Certain it is that the city will never again have the opportunity of putting the property to the small amount involved in the present transaction.

We have noted in the past the objection to the bylaw and can see no objection serious enough to cause any property owner to fail to cast an affirmative vote when the plebiscite is held. Golden opportunities knock but once at doors of individuals or cities. This is a golden opportunity to which the people of Kelowna cannot afford to fail to open the door.

### Kelowna Progresses

Kelowna is now enjoying one of the largest building programs in its history and all indications point to something of a building record being established here this year.

In the first four months of the year building permits for one hundred and six thousand dollars have been issued and one of the pleasing features of the situation is that over half the total amount represents the construction of homes. The only large item in the list is

that of the public school addition which represents twenty-eight thousand dollars. Against this figure there are twenty new homes already constructed or now building which represents over fifty-six thousand dollars in building values. The construction of homes is an important item in any city. It reflects the prosperity of the cities and, more important, is tangible evidence that the people living in a city have a very definite confidence in the future of their city.

While twenty houses have already been issued permits this year, there is every prospect that there will be many more new ones erected within the next few months. In addition there are several larger construction jobs which are mooted and some of which will probably become realities. Others may be postponed until next year.

Kelowna this year is showing very definite advancement. It leads the Interior cities in construction figures at the present time and there is every prospect of last year's total being surpassed by a substantial margin.

### Cleanup Efforts

Kelowna's city administration is deserving of commendation for the manner in which it arranged and carried out the final stages of the cleanup campaign. Following cleanup week, city trucks made the rounds of all streets, lanes and alleys and collected all the rubbish which had been deposited there ready for removal. The task was thoroughly done and in some instances the collectors removed piles of building rubbish and other material which had blemished the property for many months. The cleanup job was not done half-heartedly. It was thoroughly done and the city and employees have every justification in the accomplishment of their task.

While the cleanup campaign was successfully concluded, the ordinary every day appearance of Bernard and other business streets has drawn some derogatory comments. Last year The Courier and the Junior Board of Trade pressed the city fathers for a weekly flushing of the business section and, in addition, to have the Saturday night litter cleared from Bernard at an early hour on Sunday morning. Both requests were considered by the council, and after some hesitation, were tried out and met with the general approval of the public.

Memories, however, are short and the work was not carried on this year with the coming of spring. The result has been that this year many disparaging comments have been heard about the condition of the main streets of the city.

The matter was discussed by the junior board at its meeting last week and the matter will be presented to the city fathers for their consideration again this year. It is probable that a jogging of the memory is all that is needed to have the work recommenced.

The business section is the city's show window. It is there the visitor forms his first impression of the city. If the business section be littered with papers, swirling in clouds of dust, the impression cannot fail to be unfavorable. The present street sweeping program is adequate as far as it goes but no man with a broom can be expected to take care of the dust which accumulates in the business section.

The junior board's request is a reasonable one. The plan has been tried and found satisfactory. It is to be hoped that the city council will find itself able to instruct the city engineer to continue the work commenced last year.

### Mother's Day

When Mother's Day was inaugurated a number of years ago, many people thought it would be just a temporary kind of observance, an expression of feeling that would soon be succeeded by something else as our position in our rapidly changing life. But it has not passed. The custom has become apparently a permanent one and each year more and more people are uniting in the celebration of this memorable home day.

Impetus is given to the occasion by the impression that people have never appreciated their mother as they should. Children rarely realize what their mothers have done for them and the extent of the sacrifices they have made. They accept these sacrifices, these labors, this affection as a matter of course, something to be expected and not so very wonderful in any way.

As the years pass, however, people are becoming wiser and wiser that point of view is. They realize that the love and devotion which their mothers gave to them was something marvellous and beyond the power of words to express. As the years go on they learn to express this sentiment in some tangible way and so the Mother's Day custom of writing a note the second Sunday in May has become an institution.

May it long continue, and may it inspire all children young and old to testify to an affection so deep that every mother will feel

rewarded for all the devotion she lavished on her offspring.

### Face and Fill

One would gather from page one of the dailies that it takes all kinds of the wrong people to make a world.

## The Canadian Weeklies » » »

Next Friday and Saturday the Ontario and Quebec division of the Canadian Weekly Newspapers Association is to meet at Ottawa. This annual gathering is a reminder of the fine part played by the weekly press in Canadian life and affairs; of its splendid contribution to the areas which it serves. It performs a service which some city people are apt to underestimate. They underestimate, too, perhaps, the importance of the smaller communities in which many of the weeklies are published. These communities supply the nation with more than their share of its foremost men and women; leaders in the professions, in business life, in public life. In journalism, as in other spheres of activity, many important posts are held by men who had their early training on a weekly newspaper.

There is a reason for this. The weeklies are closer to their field and to the life of the people than any metropolitan newspaper can hope to be. Their writers know personally many of those about whom they write. They have their fingers upon the community pulse. They are in touch with the thoughts and manner of life of the men and women of their constituencies to a degree which in a larger constituency is not possible. And they learn to be accurate. If there is a mistake in name or initials or in the facts about a local gathering, they soon hear about it. So the training afforded by a weekly newspaper is invaluable in its relation to the realities of human experience and the importance of faithful reporting.

A metropolitan newspaper cultivates its field "extensively; a weekly, "intensively." The former reaches out into the far corners of the world for news of what is happening there. The latter concentrates on its own district in a way which a city paper cannot possibly do. Instead of foreign correspondents it has close-to-home correspondents—country correspondents who are usually called—who send in weekly bulletins of news from places round about. These rural part-time newspapermen and newspaperwomen make a genuine contribution to the paper which they serve, and some of them serve it for a lifetime. They give it a home touch which the metropolitan press cannot

provide.

But lifetime service is not a monopoly of country correspondents. There are weeklies which have been under the management of one man for as long as most people can remember. They have taken on his personality and he and his paper are one in the eyes of the community. In some cases, indeed, a paper has been handed down from father to son, and in turn to the son's son, until it is regarded not only as the product of an individual, but as the product of a family. On the other hand, there are the weeklies which have been taken over by men trained on city dailies, and some of these have made a conspicuous success. There is a fine reciprocity in it all: the weeklies making their contribution of personnel to the city papers, and the city papers to the weeklies.

One of the finest men which weekly journalism ever gave to Toronto or to any other city was the late Joseph T. Clark, editor of The Star—and on this paper there are many others who have had their training in the smaller centres. The publisher himself graduated from a weekly, and was secretary-treasurer of the Canadian Press Association when it included both dailies and weeklies. Mr. Clark was at one time editor of a weekly paper in Pickering, and, as the Bowmanville Statesman remarks, "never lost his light in the incidents of town and country life." This was well known to those about him. His heart was great enough to include all, but in the last analysis its warmest hearth was for the small places and the smallest papers.

It is fitting, therefore, that a trophy which the publisher of The Star is donating to the Canadian Weekly Newspapers Association for annual competition should be a Joseph T. Clark memorial, and so named. It is to be awarded to the best all-round newspaper published in a town or village of 1,500 or less. And this year it will be presented by the late Mr. Clark's talented son, Mr. Gregory Clark. It is a symbol not only of the late "Joe" Clark's affection for the "brethren" of the weeklies, but of The Star's continued appreciation of their splendid service to their communities and to Canada.—Toronto Daily Star.

## Kelowna In Bygone Days

(From the files of the Kelowna Courier)

### THIRTY YEARS AGO

Thursday, May 6, 1909

The walls of the Rymmer block are going up rapidly and the first story is already in evidence. Frank Small and C. Quinn are erecting cottages on the lake shore. The concrete walls of the new livery stable being erected by M. J. Curtis for the Collett Bros. have been erected.

The dry weather which has characterized the Okanagan this spring has put irrigation in full swing in various parts of the valley.

Kelowna lost two popular families this morning by the departure of Mr. and Mrs. J. Dilworth. Misses Pearl and Fern and Master Ira Dilworth and the Misses Milligan for Victoria where they will reside for a time.

Mr. H. Hughes has taken over the post of general mail weather observer formerly occupied by F. E. H. Wallaston.

George Speck of the United Fruit Co. has been named as responsible for the fruit in the market. He will come on the usual peninsula.

Belgo Canadian Fruit Farms Ltd. has registered as an extra provincial company with a capital of 1,500,000 francs (\$300,000). Head office of the company is in Antwerp, Belgium and in British Columbia it is Kelowna with T. W. Stirling as attorney.

After prolonged and bitter discussion the Agricultural and Trades Association has agreed to not a price of \$3,000 on its property. As a result Mayon DeHart has announced that his proposition has been accepted and the city will have the property for \$3,000 cash and will allow the A. & T. Association to use the building and lot free for one week every year for twenty years. The city has the right to terminate this lease by paying the sum of \$175 per year for every year the lease has to run.

The city council has received a request from a woman in the country that automobiles be prohibited from running for one day each week so that country people may come in to shop without incurring the danger of a runaway.

### TWENTY YEARS AGO

Thursday May 8, 1919

Mr. J. C. Smith, recently spoken at Kelowna, is now in charge of the police in that city. He is the advantages of joining the Okanagan United Growers Small fruits are needed by the Okanagan to round out sales on the peninsula.

Kelowna has a former customs officer back in business again this week. Alwyn Weddell, who re-

signed his position to go overseas, took his old stand on Monday.

The Canadian National is establishing a staff of engineers at Vernon for the start of the branchline construction.

The Rutland United Farmers of B.C. passed a resolution on Monday urging the provincial government to remove the road superintendent from office, because of the poor condition of roads in their district.

Teachers of the newly formed Okanagan Valley School Teachers Association met the Okanagan Trustees Association in Kelowna last Saturday to discuss raising of salaries.

The centennial anniversary of the Oddfellows order was observed last Sunday, by a parade to the United church.

Great Britain's adoption of the principle of simple preference has been received by Canadian people and the government with much pleasure, states Sir George Perley, Canadian High Commissioner.

Registration at Vancouver and Victoria of packers to harvest the 1919 British Columbia fruit crop has commenced.

### TEN YEARS AGO

Thursday, May 6, 1929

More than twenty fruit shippers and members of complementary organizations took part in the third annual shippers golf tournament held here on May 3 and 4.

Percy Williams will be guest of honor at the Okanagan schools track meet to be held this year in Penticton.

Electric work has been awarded the grand prize of a prize for the best musical composition at the B.C. musical festival. She obtained 93 marks with Robert Murray also of Kelowna second with 90 marks.

Investigation of police officers in Kelowna conducted under Stanley Crane, B.C. Vancouver, to enquire into accusations made by Provincial Police Constable Corrigan against members of the city police and accusations made by city police against Corrigan are still proceeding after a week. H. W. Galbraith is counsel for the constabulary. J. G. Norris is representing Corrigan. H. V. Clark is counsel for Chief Constable H. W. Thomas and J. F. Burnie is appearing for the police commissioners and Kelowna city. Charges of sleeping nature, including graft, smuggling of opium and stories of prostitutes making Kelowna a regular stopping place were heard the case involving a large number of Chinamen.

WAS THROUGH THE NEW Vancouver Hotel last week and was particularly fortunate as the tour of inspection was under the guidance of Jack Thornton, C.N.R. publicity man, and John Schofield, chief C.N.R. architect who is in charge of the new hotel. The four-hour tour was a revelation and an experience not to be forgotten very readily. The building is a tribute to B.C. workmanship as practically every piece of material was fabricated and designed in this province. The materials themselves are predominantly B.C. and, for one, I had little idea that work of this type and excellence could be done here. It was to the accompaniment of many ejaculations of amazement and appreciation that the group of five traversed the fifteen floors.

FAR TOO MUCH WAS seen to be recounted in the limited space of this column. The best one can do is to outline a few impressions. Starting on the fifteenth floor there is the Panorama Room where Vancouver supper dancers will have the most sparkling night spot in Canada. The place takes its name from the excellent view of the city and district to be obtained from the many windows running the length of the room. The room has an entirely new conception of decoration for a dance room and depends for its effect on its startling system of indirect lighting which is reflected by ceiling high mirrors in the walls, the columns and even the glass ballustrading which separates the dance floor from the raised dining area. The general color scheme is a combination of shades of red and blue. By means of concealed lighting every color combination in the rainbow can be played on the central barreled ceiling above the dance floor. The band leader can throw any color combination which suits the mood of his music. In the elevator lobby of this floor is a dome lighted by indirect lighting which caught our interest. So perfectly was the work done that one could not see the centre of the dome. It appears to extend for yards into the ceiling although actually, it is very shallow.

ON THE FOURTEENTH floor are the apartments which the Royal Party will use for a couple of hours while in Vancouver. The whole floor may be treated as one suite or as several. At the east and west ends are glass enclosed loggias, appropriately decorated and furnished and giving awe-inspiring views. On the floor are eight bedrooms, sitting room, living room and dining room. Five of the bedrooms are frankly modern with a specially interesting feature woven into the carpet in the form of plaques on which rest the important pieces of furniture. In three of these rooms the furniture is made of bella rose wood with white leather upholstered beds behind which is a background of peach-colored mirror covering the walls. The two smaller bedrooms have fitted furniture finished in pale blue with a dark blue carpet and rose-gray walls. A warning about those carpets. They are rich red or blue or green with a wavy white line as a pattern. One has the impression of wading into water with waves about a foot high. A person entering those rooms after having celebrated a little too well might find it extremely difficult to keep his feet. The whole suite was something to see and I am glad that I did see it because it is extremely doubtful if that section of the hotel will see me again. I did ask what the rate for the suite would be but they did not know.

AND SPEAKING OF ROOMS, particular care has been taken with the selection of furnishings of all the guest rooms to provide what is practically a sitting room and bedroom combined. Every room in the place has a bath and a shower. Electric razor outlets have been provided. The idea seems to have been to provide a "home away from home" for every class of guests. The policy is to keep the place full and for this reason rooms of every price are available and each price-class accommodation is definitely superior to that hitherto provided. In addition to the business sitting rooms which are the ordinary accommodation, there are twenty suites, many containing three bedrooms, living room, dining room, entrance hall and pantry. The furnishings in these can only be described as "luxurious". There are also four rooms which provide the highest price range in rooms. These are about the tenth floor and have wide balconies which will be equipped with flower boxes and summer furniture.

THE LOBBY IS ONE of the most important rooms in any hotel as it gives the guest his first impressions and is subjected to the most traffic. In the new hotel, they have endeavored to divorce the business atmosphere which usually predominates. The hotel offices have accordingly been placed at the extreme end of the lobby. When we were there workmen were busy putting the finishing touches on the lobby. As a matter of fact we saw the mural. I suppose you call it a representative of the fruit growing industry of the province and which most Okanaganites will find of interest. The motif of the lobby centres around the large mural at one end depicting one of the many landings of Captain Vancouver in what is now B.C. The signs of the zodiac denote the passing of time and the smaller murals illustrate life in the same province as it is today. The lobby is indirectly lighted with a large central dome and two huge glass and bronze torches.

IN SPEAKING OF the public rooms one wonders where to draw the line. There is, for instance the main dining room dignified and simply treated, depending for its effectiveness to a large degree on the skillful use of different woods, dominated by a large mural of Pacific Coast Indian life and a tremendous peach colored mirror with etchings superimposed. The ground floor cafe a long, high-ceilinged room occupying almost the entire side of the building, has its four walls in bands of tigerwood. This wood has a distinctive dark brown strip running through its wavy background and the wood is applied in such a manner as to form a distinctive pattern. Animal life native to the B.C. mountains, modelled in three plaques present an artistic motif in bas relief. At one end is a large mural painting in Venetian red on a gold leaf background and complementing it on the opposite wall is a reversed relief in red and gold setting off one of the finest rooms of its kind in North America. There is a cafeteria in the best modern manner and tavern. The women's tavern has fabric walls of a beautiful shade, circular settees, done in red leather; the men's is in club style with zebra wood and English walnut on the walls. Both reveal new ideas in indirect lighting.

THE BALLROOM is outstanding with magnificent proportions. It is done in the classic style of the Adams brothers and is said to be difficult to the last detail. Soft red and gold colors on the actual color scheme. At one end is a stage, at the other a large mural presenting an attitude scene of the time of George III. A striking feature of the room is the fifteen foot mirror in richly ornamented carillade form. The reception room adjoining the ballroom in Georgian. There is the banquet room, the ladies sitting room, the B.C. room the latter decorated exclusively with B.C. materials and paintings of typical B.C. scenery around the entire length of the walls. Large and small private dining rooms and a thousand and one other details interesting but unmentioned for lack of space. The kitchen alone deserves a column. I can only say that it is worth going to have a look at the kitchen itself. I was lucky in getting a look at the kitchen complex but even a casual stroll through the public rooms is worth the effort. The new Vancouver has laid to becoming one of the, if not the, outstanding hotels on the entire continent.

## Kelowna Junior Board of Trade Endorses Unanimously Purchase of C.P.R. Property at Foot of Bernard

Wide Variety of Subjects Comes Before Young Business Men at May Dinner Meeting—Important Resolutions on Immigration and Legislature Proceedings are Passed—Suggest Fountain for City Park in Front of Grandstand

**KELOWNA'S** Junior Board of Trade, meeting at the Royal Anne Hotel on Friday evening last, went on record unanimously in favor of the city purchase of the C.P.R. property at the foot of Bernard avenue. There was practically no discussion as at a previous meeting Mayor O. L. Jones had explained the setup between the city, provincial government and C.P.R.

A wide variety of subjects came before the meeting on Friday last, including two weighty reports on immigration and the legislature proceedings at Victoria. These two resolutions, submitted by the Regina and Vancouver junior boards, respectively, had been before the government affairs committee and the executive and had passed these two bodies. The general meeting accepted them wholeheartedly, as well.

It was stated that another resolution on Nazi propaganda in Canada had been discussed at great length but still has not reached the stage where it can be brought out for public discussion. This resolution was submitted from Saskatoon, which is in the centre of foreign unrest on the prairies.

In considering the Vancouver resolution on bills passing through the legislature, it was discovered that more than half the bills which were introduced during the session of 1937 were introduced in the last ten days.

The young men deemed it in the public interest that full opportunity should be afforded members of the legislative assembly to give proper consideration to all matters of public business coming before the legislature, especially proposed legislation, and also the general public should be given ample opportunity to study the proposals and submit their views to their elected representatives.

The motion passed therefore asked the government of B.C. to bring down its proposed legislation at future sessions of the Legislature in such a manner as to afford opportunities to the members of the assembly and the public to study the bills thoroughly.

From Regina came a lengthy resolution on immigration as George L. Craddock of that junior board had been appointed chairman of the national immigration committee by the Canadian Junior Chamber of Commerce convention.

The government affairs committee of the local junior board made a number of findings in dealing with immigration in Canada and especially in the Okanagan Valley. In considering the local immigration report stated that "the Okanagan has a diversified population including British, Canadians, Japanese, Chinese, Germans, Hungarians, Ukrainians, Austrians and other European races. The district was, a few years ago, predominantly British, but latterly the influx of central European people has been so great that the British predominance is seriously threatened. One district a short distance from Kelowna is definitely a "foreign language" district and presents a major problem. The immigration has been voluntary and indiscriminate."

The committee could discover no industries, primary or secondary, which have developed as a result of the native trades or craftsmanship of immigrants at the present time. Furthermore, there are no natural resources or raw materials remaining undeveloped in the Okanagan.

Asked about future concentration of immigrants, the committee did not favor any further immigration into the Okanagan. With the mild and equitable climate enjoyed by the Okanagan, the government affairs committee reported that the natural influx of people from other parts of Canada is such that planned immigration is not feasible, unless in limited numbers under supervision and with sufficient financial resources to make a start.

"The oriental problem is a moot question here as in other B.C. districts. Central Europeans have worked in the orchards for low wages and have broken the wage structure to the detriment of British and Canadian workers. These people also tend to erect huts and hovels as homes to the detriment of the district. Rutland, where there is a large foreign section, presents a shantytown appearance. The erection of cheap, unattractive houses in desirable residential sections of Kelowna has also tended to affect property values."

"Your committee, while not unanimous, was overwhelmingly of the opinion that Canada was not morally obligated to accept immigration with a view to relieving world congestion of population," the committee concluded.

George F. McKenzie, chairman of the city beautification committee, reported that the trucks had completed their tour of the city that day after a lengthy cleanup and paintup campaign. Although the general membership of the junior board had not been active yet the results of the cleanup and paintup campaign had been excellent and the city was in better shape than ever before.

A hearty vote of thanks was extended to the city council and City Engineer H. A. Blakeborough for their efforts on behalf of the committee.

W. W. Riddell made an appeal to members who wished to donate towards the rose garden in the city park to do so through the junior board treasurer.

Terry Bennett outlined the details of the oriental dance which his entertainment committee staged. It was a big success socially, he intimated, but was a terrific "flop" financially, mostly because of members' poor support.

R. F. Parkinson brought up two questions for the city council consideration, when he mentioned the need of Sunday street cleaning on Bernard which was started last fall but discontinued, and the shelter and water trough for horses which the city had promised to erect on Leon avenue, but had failed to do.

Following the coronation ceremonies of 1937, a sum of about \$200 was earmarked for city park improvements. Mr. Parkinson made the suggestion on Friday night that this sum be placed at the disposal of the city to erect a fountain in front of the Aquatic club in the middle of the driveway which is to be hard surfaced this year. He considered that a fountain, erected in commemoration of the coronation and the visit of Their Majesties to Canada this year would be suitable.

The junior board decided to recommend such action to the coronation committee which still has charge of the funds.

Francis Black spoke shortly on local overbuilding residential streets. He considered that the property owner who is willing to plant the grass and tend it should not be liable for the cost of curbing the boulevard and that this should be a council responsibility.

## MOTHER'S DAY WILL BE OBSERVED HERE

Kelowna United Church Service to be Presided Over by "Teen Age Youth"

Mother's Day will be marked at the service in the United Church on Sunday next, May 14. Appropriate music will be provided and in the morning the pastor, Rev. Dr. W. W. McPherson will speak on "What a Royal Home Lacked." At this service the sacrament of baptism will be administered. At the evening service, teen age boys and girls will be in charge.

There will be a junior choir with special numbers including "Mother's Prayer." Donald Henderson will speak on the companionship of mothers as seen in the lives of Goethe and Lord Haldane. Miss Adelaide McWilliams will give J. M. Barrie's tribute to his mother in the well-known work, "Margaret Ogilvy."

It is expected that a large congregation will be present. Ralph Pearcey will preside in the evening.

Wall Street got its name from a wall of cedar palisades built in lower New York during an Indian scare.

President G. E. Brown informed Mr. Black that the executive and city beautification committee are considering the boulevard question.

## A MONARCH VISITS CANADA

The King and Queen of England have come to visit this great Dominion of ours, to see at first hand a part of a mighty Empire building its future upon the highest principles of freedom and democracy. From coast to coast their doings will be of national and international importance. History in the making—and YOUR daily newspaper records every part of this precedent shattering event—brings you all the color, the glamour, the highlights and sidelights in an authentic and permanent form. Replete with feature stories and hundreds of photographs the daily newspaper again demonstrates its value as an integral part of our scheme of living. Not only during the royal visit, but every day you can look to your daily newspaper as an authentic source of information a mirror reflecting the many-sided events that form the pattern of today—every day! Form the habit of depending upon your daily newspaper for relaxation, enjoyment and a complete and authentic record of national and international events.

## Dad: MAKE YOUR SON THIS Sporting Offer

and he will be  
sure to pass his  
EXAMS

SAY to him:—"Son, I know you want a C.C.M. Bicycle. I was going to reward you with one if you passed your mid-summer exams. But I'm going to be a good sport and buy you one right away so that you'll have all the extra time between now and midsummer to enjoy it. But I'll expect you to prove you are a good sport, too, by studying hard and passing with good marks. If you fail we will have to take the bicycle back to the dealer."

The C.C.M. Company and the C.C.M. dealer will back you up in this offer, Dad. They will allow you the full price you paid for the C.C.M., if your boy (or your girl) fails to pass at midsummer. (Claim must be made within one week of the announcement of the term's results.) But he will not let you down. When your boy says he will do a thing he will do it.

This year's C.C.M.'s set the pace in style, beauty and easy running. With working parts of specially hardened steel, machined to hair-line accuracy, they run with marvelous quietness and smoothness. To pedal a C.C.M. requires little effort, and the free-running C.C.M. Coaster Brake enables a rider to frequently coast long distances without any foot-work.

All models have seamless tubular steel frames; plated or enameled steel rims; rustless steel spokes; bright parts chromium plated over a 20-year nickel foundation; Dunlop Port or Imperial Tires; and other C.C.M. features. For quality and value a C.C.M. is still the big bicycle buy of 1939.

C.C.M. Girls' or Boys'	\$31.95

## HIGH SCHOOL HIGHLIGHTS

On Saturday, May 6, thirty high school students turned out to work on the Naramata road. According to E. Ryan, instigator of Naramata Day, three hundred yards of dirt road were completed.

On Monday, May 1, part of the school received its report cards. Monday, May 1, saw the deadline for Annual material. Contributions are now being selected.

With the news of the Boys' Band being defeated at the Penticon Musical Festival comes further word that the Glee Club was beaten by one point.

At the school assembly on May 1, Miss Rosamund Russell told a little of the proposed activities to be followed by herself and E. Ryan while they are in Vancouver as representatives of Kelowna high school.

The school track meet will be held at the park on Thursday, May 11. The

## Kelowna Ambassadors of Goodwill Address Junior Board of Trade

## Four School Pupils Going to Coast and Princess Kelowna Make Delightful Impression

Five of Kelowna's ambassadors of goodwill were guests of the Kelowna Junior Board of Trade at its May monthly meeting at the Royal Anne hotel on Friday evening, May 5. Four of these ambassadors were the Kelowna school students chosen to travel to Vancouver this month as guests of the Vancouver school board, to see the King and Queen. The fifth ambassador was Princess Kelowna, "Lady of the Lake", Miss Dorothy Anderson, who was Kelowna's representative at the Wenatchee Apple Blossom Festival last month.

Introduced by Principals A. A. Chapman and L. B. Stubbs, the four Kelowna students, Patsy Weddell, Rosamund Russell, Jack Noonan and Eugene Ryan were given a rousing reception and were greatly appreciated by the young business men. Patsy Weddell spoke on the sports and holiday attractions of Kelowna district. Jack Noonan took the industrial aspects of this rich agricultural area, and Rosamund Russell talked on the social development of the city, from the schools to the adult organizations which work for the benefit of the citizens as a whole.

## Trade Relations

These talks were similar to those which were given to the Kelowna Board of Trade at a recent meeting. The fourth speaker, however, Eugene Ryan had changed his talk and spoke largely on the varying trade relations between the Okanagan and Kelowna.

The Okanagan, Mr. Ryan stated, obtains a revenue from the Okanagan amounting to \$15,000,000 annually but in return Vancouver purchased but \$300,000 to \$400,000 worth of Okanagan produce. The Okanagan is doing the utmost business possible in Vancouver but even if Vancouver bought five times as much as it does at present, the trade balance would not result.

In one week, for instance, Vancouver purchased 104,000 boxes of Japanese oranges as against 50,000 boxes of Okanagan apples. The Okanagan continued. The Okanagan purchases its clothing materials, food supplies, cars, gasoline and oil and practically all its commodities through Vancouver.

In addition, the Okanagan routed 1,720,000 boxes of apples through the port of Vancouver for the export market in the past season. This trade might just as easily have been routed through the Atlantic seaboard route. This meant a revenue of \$1,025,000 for the ships out of Vancouver and \$3,183,000 for the railways.

Paper valued at \$363,000 was purchased from the coast by the Okanagan packing houses in the past year, nails ran to \$40,000 and the canneries purchased their cans and sugar from the coast.

These figures show that any money Vancouver spends in the Okanagan goes directly back, the speaker declared. "We are part of Vancouver and their gain is our gain and their loss is our loss."

All the speakers thanked the junior board for its invitation to attend the gathering and also for helping to make their trip to Vancouver this month possible.

President George E. Brown expressed the thought that Kelowna is fortunate indeed in having such splendid ambassadors to deliver Kelowna's message.

## Princess Kelowna

Princess Kelowna, Miss Dorothy Anderson, was guest of the junior board on Friday and delivered a delightful resume of the Wenatchee Apple Blossom Festival. She was picked by this board and was sent south with the assistance of the Kelowna Aquatic Association.

Miss Anderson was particularly impressed with the pagant depicting fifty years of progress in Washington state. One of the greatest thrills in this pagant was to see the Union Jack and the Stars and Stripes being marched across the huge revolving stage, depicting the international good will existing between the two countries.

A C. Lander who with Mrs. Lander accompanied Miss Anderson to Wenatchee, spoke briefly of the visit and stated that Kelowna had obtained splendid advertising from the visit of Princess Kelowna. He suggested that in another year a considerable expenditure on a float which would depict the natural advantages of Kelowna and district would be a real investment and would provide a great deal of publicity.

## Y.P.S. HOLDS QUIZ ON SUNDAY EVENING

## Bible Questions Asked at United Church Session

A quiz was held by the Young People's Society of the United Church May 7, including questions from the Bible.

Each member was asked two questions and the right side won, by thirty-one points to eighteen. Denis Barford was chairman and questioner with Lloyd Targum as time keeper and scorer.

"Beneficial lots of Bonhomies" with ten and music composed by Mrs. J. B. Pounds and J. S. Parris respectively was sung by Ernest Burnett with the young people joining in the refrain and accompanied by Miss Marguerite Bowes.

Softball is played at six o'clock on Monday and Friday evenings at the senior high school grounds and teams on Wednesdays at six in the park.

Representing the Young People's Society of the South Okanagan will be Jack Bowens, the union president who will attend the provincial conference of the United Church Y.P.S. delegates in New Westminster starting May 17.

## LETTERS TO THE EDITOR

## U. S. CUSTOMS SERVICE

Oroville, Wash., May 6, 1939.

To the Editor,

Some time ago news items appeared in several papers in the Okanagan Valley that the Customs hours at the ports of Osoyoos and Oroville would be extended to 12 Midnight after May 1st and since this information is erroneous and has caused inconvenience to many tourists the following information on office hours is forwarded in case you desire to use same in a news item to correct the above mentioned impression:

May 1st to October 31st: 7 a.m. to 11 p.m.

November 1st to April 30th: 8 a.m. to 11 p.m.

C. L. THOMSON,  
Deputy Collector.

## ALTERS IMPRESSIONS

Matamoras, N.Z., April 12, 1939.

To the Editor:

We have been receiving The Courier regularly twice a month—and are always interested in the news of Kelowna and the Okanagan. I notice you published some extracts from letters I wrote to Kelowna people—these were first impressions and viewed now in the light of longer residence in the country they appear to me to need some modification.

Canadian and U.S. products are very high here and people just over are inclined to purchase the articles and brands they have been used to, and be surprised at the difference in price; whereas, after a time they find there are British and N.Z. goods of similar quality at much more reasonable prices, so that with experience in the ways of the Country and the products it offers, the difference in the cost of living becomes less marked. I feel that I should contradict my previous statement that wages were too low. The wage earners seem to be enjoying a good standard of living and this is reflected in a very general prosperity.

I am purchasing a small farm of thirty acres, just two miles out of Cambridge; to take possession about June 1st, so that for mail posted Kelowna, after May 1st, my new address will be at Leamington, Cambridge, New Zealand.

If you will be good enough to make some note of these corrected impressions in the Courier I will be obliged.

Yours very truly,

H. B. LATTA.

## G. H. DUNN BEING SENT TO VICTORIA

On the recommendation of Alderman J. H. Horn, City Clerk G. H. Dunn will go to Victoria on June 12 and 13 to attend a meeting of municipal officials from all parts of B.C. There will be a general discussion of municipal affairs and how they affect the provincial government. Mr. Bridgman, deputy minister of municipal affairs, is particularly anxious that all city clerks in the province attend. Mr. Horn stated at the council session Monday evening.

## KAMLOOPS BESTED BY KELOWNA ON VERNON COURSE

Valley Golfers Score 19½ Points on Day's Play to Mainliners' 12½—All Even at Noon

Kelowna golfers took the measure of Kamloops linksmen on the Vernon course last Sunday in the annual inter-club match. The Orchard City shot-makers scored 19½ points on the day's play while the best Kamloops could amass was 12½. While Kelowna went to Vernon to play, Pentiction and Vernon players were competing on the Kelowna course, with Vernon being the winners.

On the morning round at Vernon, the Kelowna and Kamloops golfers were all square, but in the afternoon the Valley men went ahead by 15½ points to 8½.

Following are the results individually: C. Dalgleish and F. Fernie ½; Curell and Todd ¾; Harling and Howard ¾; Roadhouse and A. Owen 1; Gower and Shirras 0, Dr. Newby and Wiseman 4; Wallace and Gillespie 1, Shaw-MacLaren and St. G. Baldwin 3; Parker and Hayne 4, Quine and Disney 0; Conchie and Cahill ½; Filmer and Burden 4; Archibald and McCurach ½; Cunliffe and F. Williams ¾; Ireland 3, Cadman 1.

## July 3 to 8 Dates Chosen for Interior of B.C. Tennis Tourney

Will Also Hold B.C. Closed Singles Play on Those Dates Here Galaxy of Stars to Appear

July 3 to 8 will be known this year as Kelowna's tennis week as on those dates the annual Interior of B.C. tennis championships will be decided, as well as the B.C. closed singles championships. This is the first time that the B.C. closed title play has come to the Interior and, the Kelowna club is looking forward to an increased entry list of stars for the tournament.

First-ranking players from all parts of the province will be in Kelowna for this big event which will conclude on Saturday, July 8. Last year the two outstanding girl tennis stars in the Dominion, Eleanor Young and Caroline Deacon were the feature attractions.

The B.C. tennis association has issued an official list of the various tournaments to be held in this province during 1939 and H. G. M. Gardner, Interior representative, has forwarded this list to The Courier. It follows:

June 19 to 24, Vancouver city championships, Jericho tennis club; June 30 to July 2, Okanagan Valley championships, Vernon country club; July 3 to 8, Interior of B.C. championships and B.C. closed (singles) tournament, Kelowna lawn tennis club; July 13 to 15, Southern Interior championships, Pentiction tennis club; July 20 to 23, open tournament, South Cowichan; July 24 to 25, western Canada championships, Vancouver tennis club; July 31 to August 5, B.C. championships, Victoria tennis club; August 7 to 9, Pacific Northwest sectionals, Duncan tennis club; August 9 to 12, Duncan open, Duncan tennis club; August 17 to 19, B.C. junior championships, Victoria tennis club; August 21 to 24, Island junior championships, Duncan tennis club.

In view of the early dates for the Interior play, the Kelowna tennis club local championships will be held early in June, Mr. Gardner announces.

News is being awaited of the lawn tennis moving pictures showing most of the outstanding players in the world, which will be shown here. They will come here from Victoria, go to Trail and from there to Calgary.

Mr. Gardner hopes to be able to announce soon the name of the instructor who will teach tennis throughout the Interior this summer on a similar plan to that carried out with the assistance to the provincial recreation department of the B.C. government last summer, when Colin Milne was the instructor. Rumors to the effect that he will be one of the best players in Canada are rampant.

## RUTLAND GAINS REVENGE WITH 5-1 VICTORY

Defeat Kelowna on own Diamond with Barrage of Hits Off Boklage in Third Frame

Playing on their own field, the Rutland ball team avenged its defeat of the previous Sunday by trouncing the visiting Kelowna nine in an exhibition game Sunday afternoon, May 7th, by 5 runs to 1. The teams again jostled their lineup from time to time, and a box score is almost an impossibility. Both teams sent three pitchers to the mound during the course of the game, the Rutland chuckers having a fair edge all through. Henry Wostrowski started for the home team, and initiated the visitors by fanning three men in a row. He retired at the end of the second in favor of Herb Alex under the speedy colored boy who went four innings. Kelowna getting their only tally in the third on hit by V. Chapman and August Boklage, the latter scoring the town's lone home run. Paul Huch relieved Alexander fully, and held the batters down for two frames, when Wostrowski again went into the box for the third inning, fanning two of the three batters to face him.

Kelowna started August Boklage in the box and he got along fairly well for two innings but in the third the Rutland batters hit him hard, scoring two runs in quick order, and with both the bases loaded and two men down, Jack Gerlein cracked and scored, that cleaned the bases but was retired at third, when he tried to stretch the hit into a triple. Schlosier took over mound duties for Kelowna for the next two innings and held the batters down fairly well, but retired in favor of Kenneth in the sixth. The latter finished and the game without exciting incident. The final tally for Rutland was 5 runs, 1 hit, and 1 error. Kelowna's record stood at 1-1.

There was a good crowd of fans and on the first Rutland game. Following is the box score: Rutland: R. H. E. Kelowna: 0 0 1 0 0 0 0 1 4 3 Rutland: 0 0 0 0 0 0 0 0 5 0 1 Umpire: Wagner and Wozniowski

HANDSOME CUP FOR RIFLE SHOOT

Further donations to the prize list of the forthcoming first annual meet of the B.C. Inland Rifle Association to be held at Armstrong, June 4th, 5th, and 6th, include a handsome trophy contributed by the Consolidated Mining & Smelting Co., of Canada Ltd. Trail, and appropriation by the City Council of Kamloops of the sum of \$25 for purchase of a suitable cup or shield.

Additional fodder for the Toronto Maple Leafs' guns when another National Hockey League season rolls around will be Billy Taylor, above, sensational centre who ran wild against Edmonton Athletic Club in the first two games of this year's Memorial Cup finals. Conny Smythe, Maple Leaf boss, recently announced the signing of Taylor to a two-year contract.

## FISHING GOOD IN LAKES SAY ARDENT ANGLERS

Resume of Fishing Possibilities in Interior Lakes Given by Joe Spurrier, Kelowna

Fishing is good in the Interior of this province and there are hundreds of fishermen in the Interior and from the coast who will state that this is a true statement. Joe Spurrier, the Interior's foremost fisherman, and authority on the possibilities of lakes in his wide area has given The Courier a resume of the activities on most of the lakes now being visited.

That Kelowna is known far and wide for its fishing proclivities was ably evidenced on Tuesday afternoon with the arrival from Vancouver of two men who had started out on a fishing tour of the province. These two men, Tom and Jack Reed, both former residents of Pentiction and now residing at the coast, decided a short time ago to take a leisurely jaunt throughout the province and try their luck in the various haunts. They chose Kelowna as the focal point of their adventures and are now camped here ready for a leisurely holiday.

Okanagan lake has yielded fair results during the past week and E. Worman has the present record with five beauties, weighing up to four pounds. He used a fly rod and red and white plug in fishing off the Aquatic. Frank Lucas also made some nice catches, using a Columbia spinner and worm.

Twenty-five boats were out on Woods lake last Sunday but the fishing had fallen off from its fine start. Joe expects that it will pick up again as soon as the weather becomes warmer.

Five successes are reported from Kalmukia lake where a Columbia spinner and small plug has been landing trout up to five pounds. A small fly close to the surface has proven successful in Mabel lake where the fishing is excellent. Shuswap lake at Stumptown should be good this week and using a Stewart or plug, says Joe.

Mont Pidge of Kamloops is the authority for reports of excellent fly fishing at Paul, Knoll and Peter Hop lakes. He says they are the best fly lakes in the country right now.

Bill Thompson, proprietor of Beaver Lake Lodge, says that the fish caught for use for the next three or four days will be the best since Monday night. With continued warm weather, the opening day, May 29, should not be excellent fishing for the Beaver.

## KEN BLACK TO PLAY IN KELOWNA

Teams with Dan Currell Against Chester Owen and Harry Todd Today

Ken Black, leading amateur golfer in British Columbia and recognized as one of the foremost linksmen in the Dominion, will be in Kelowna today and tomorrow, having been made by Joe Spurrier, Spalding golf club doctor, for a special match between Black and a member of the leading Kelowna players.

At 10 o'clock today, Black will play a special four ball match. His partner will be Dan Currell and they will oppose Chester Owen and Harry Todd, club captain.

Black has played on the Kelowna course a number of times as he generally comes through the Interior representing the Spalding company every spring.

## Hundreds of Students and Track Athletes to Gather in Kelowna

Big Okanagan Schools Track Meet to be Held Here All Day Friday, May 19

Kelowna will be the scene this year of the seventeenth annual Okanagan Valley schools track meet when nearly four hundred students from all parts of the Okanagan Valley will compete before hundreds of other students and adults for the premier track and field honors of the season.

Generally, this big sports event is held on a Saturday, but as Saturday, May 20, is a Dominion holiday commemorating the King's birthday, and some of the communities are holding civic celebrations on that day, the track meet is to be held in Kelowna on Friday, May 19.

Many of the leading track stars of the school will compete in the Gyro May 24 track meet on the following Wednesday.

A committee of Kelowna teachers has been chosen to make arrangements for the big day, including Roy Stubbs, Jim Logie, A. A. Chapman, F. T. Marriage, Miss Lillian Hunt, Eldred Evans, secretary, and Al Cameron, treasurer.

The Kelowna high school is looking forward to making a great fight for the coveted high school trophy which, at one time stayed in Kelowna for several years but which has not been here so frequently in the past few years.

Reports emanating from the school grounds indicate that Alan France, B.C. junior badminton champion, is one of the best mile prospects uncovered in the Okanagan for years. He has never come up against stiff competition but anybody who beats him in this track meet will know he has been in a race, state Kelowna teachers.

Doug Herbert is the Kelowna prospect for the 440 yards sprint, low hurdles and high jump. Eddie Bedford concentrates on the sprints, 100 and 200 yards, and the broad jump while Palmo Bianco is the chief contender in the weight events.

Among the junior competitors, Colin Brown in broad and high jumps and Jack Conway in the sprints are among the chief threats.

Interest is running high throughout the Okanagan schools and as Kelowna is in the centre of the Okanagan one of the best attendances on record is anticipated. The teachers are working hard to perfect all details of arrangements and to see that the program is run off without any hitch. There will be 46 events on the program this year, compared with 44 last year.

## SOFTBALL LOOP TO START NEXT TUESDAY NIGHT

Four Teams to Play Tuesdays and Fridays Until June 23—Tuck Embrey President

Kelowna softball players will swing into action on Tuesday, May 16, for the first games of the season, it was decided at two organization meetings in the past week. Four teams will comprise the softball league, which, in operating a double schedule, will conclude on June 23.

On the opening night, the Boiler Makers, composed of men from the Canadian National bridge construction will compete against the High Hatters, consisting mainly of players from last winter's hockey team travelling in cogito. The other two teams to compete that opening night will be the First United and Elks.

At the conclusion of the league schedule, first and second teams will play a sudden death game for the right to meet the league leaders in a two out of three series. An attempt will be made to have all league games start at 8.15 o'clock sharp.

Temporary president of the softball association is George H. Todd, with Frank "Pop" Cedes, honorary vice president, Tuck Embrey was named as president of the softballers, with Doug Todd as secretary.

The complete schedule follows: Tuesday, May 16 and June 6, First United vs. Elks.

Friday, May 19 and June 9, High Hatters vs. First United, Elks vs. Boiler Makers.

Tuesday, May 23 and June 13, Elks vs. High Hatters, First United vs. Boiler Makers.

Friday, May 26 and June 16, Elks vs. High Hatters, First United vs. Boiler Makers.

Tuesday, May 30 and June 20, Elks vs. High Hatters, First United vs. Boiler Makers.

Friday, June 2 and June 22, Elks vs. High Hatters, First United vs. Boiler Makers.

CHANGE IN INTERMEDIATE BASE BALL SCHEDULE

On June 1st of this year, an agreement was made concerning the start of the intermediate baseball league schedule for Kelowna district. Since the meeting when the schedule was drawn up the Rutland Rangers have been forced to drop out, leaving but three teams: Winfield Oryana and Rutland Maroons. The schedule will remain the same except that the team to have played the Rangers will obtain a bye.

## FIRST HANDICAP RIFLE SHOOT IS HELD AT RANGE

G. A. Wyman Leads in Both Aggregate and Handicap Shoots—Light Conditions Not Best

The first handicap shoot of the season was held at the Glenmore range on Sunday with an attendance of seven. While the weather was pleasant, shooting conditions were far from easy owing to rapid changes of light caused by occasional cloudlets drifting across the sun, and it was difficult to maintain elevation. Nevertheless, some good scores were recorded.

At 200 yards, D. McMillan led with 32, and C. Hawes, W. E. Harmeling and G. C. Rose all tallied 30. At 500 yards, G. A. Wyman was high with a fine 34, his inner being second shot on score; Mrs. W. E. Harmeling, R. Weeks and G. N. Kennedy all put on 32 each, and G. C. Rose made 30. At 600 yards, Hawes and Kennedy led with 32 each, well earned under the conditions of light, and Harmeling, Wyman and G. W. Hammond all scored 31. Wyman headed both the aggregate and the handicap.

Scores: Two sighting shots and seven shots on score at 200, 500 and 600 yards.

G. A. Wyman, 29, 34, 31—94; G. N. Kennedy, 29, 32, 32—93; C. Hawes, 30, 29, 32—91; W. E. Harmeling, 30, 29, 31—90; D. McMillan, 32, 28, 29—89; Mrs. W. E. Harmeling, 28, 32, 27—87; R. Weeks, 28, 32, 26—86; G. C. Rose, 30, 30, 26—86; G. W. Hammond, 25, 28, 31—84; B. Garner, 26, 29, 24—79; S. Turri, 28, 28, 24—75; L. Renals, 22, 20, 24—66; F. Marshall, 23, 25, 14—62.

Fired at 200 and 500 yards only: Capt. J. R. Conway, 27, 26—53; B. Hume, 26, 20—46; T. Handien, 20, 14—34.

Fired at 500 yards only: H. R. Haug, 25.

Weekly Spoon Handicap

G. A. Wyman, 29 plus 2, 34 scratch, 31 plus 1—97 (winner); R. Weeks, 28 plus 3, 32 plus 3, 26 plus 4—96; G. N. Kennedy, 29 scratch, 32 scratch, 32 plus 1—94; Mrs. W. E. Harmeling, 28 plus 2, 32 plus 1, 27 plus 4—94; G. W. Hammond, 25 plus 4, 28 plus 1, 31 plus 4—93; W. E. Harmeling, 30 plus 1, 29 scratch, 31 plus 1—92; C. Hawes, 30 scratch, 29 scratch, 32 scratch—91; D. McMillan, 32 scratch, 28 scratch, 29 plus 2—90; G. C. Rose, 30 plus 1, 30 scratch, 26 plus 3—90; S. Turri, 23 plus 5, 28 plus 5, 24 plus 5—90; L. Renals, 22 plus 5, 20 plus 5, 24 plus 5—81.

B.C.I.R.A. Meet

In order to complete arrangements for the three-day meet of the B.C. Inland Rifle Association, to be held at Armstrong on June 4th, 5th and 6th, it is necessary to form an idea of the approximate attendance. All local riflemen who propose to attend the shoot are requested to notify G. C. Rose, P.O. Box 91, Kelowna, this week. Prize-lists and entry forms will be sent to them later. The last date for receipt of entries is May 27th.

## W. S. DAWSON IS CHOICE OF ROWERS AS PREXY

Kelowna Rowing Club Gets Underway for Season at Enthusiastic Meeting

W. S. Dawson was again chosen president of the Kelowna Rowing Club at an enthusiastic annual meeting held in the Aquatic lounge room on Thursday evening May 4, with about twenty members being present. Len Hill was chosen vice president with Bill Treadgold, secretary, treasurer and Tim Hill captain on the men's crews.

One of the major plans of the rowing club this year is the repair of the club equipment so that it will be in ship shape for some years to come. An expenditure of about \$100 has been authorized for this work and it is proceeding.

In order to encourage other rowing clubs in the district to take up rowing and rowing the Kelowna club may donate one of its four boats for the cost of repairs and transportation. Kamloops, Oryana and Pentiction have been willing to do this in respect and it is understood that Pentiction has expressed interest in the plan.

Gordon Finch is being asked to provide his launch for a coach boat. Coaches as arranged for later will pack the senior crew to represent Kelowna at the annual international regatta this summer.

A committee to arrange for crews and coaches is being formed. Membership in the rowing club has been chosen, to include Don Finney, Bruce Page, Bob Parfitt, A. Kneass and Helen Finney.

Bob, Emily and Hazel Finney are the only two young ladies in Kelowna who have expressed any interest in rowing the season.

Another meeting is to be held in a month's time when a larger membership list will be attempted.

In England, grapevine planted in 1700 at Hampton Court where Cromwell lived, still bears fruit.

## MODEL AIRPLANE CLUB ORGANIZED

Twenty Youths Plan Meets During Summer Months

Twenty enthusiastic model airplane builders and operators gathered in Dr. L. A. Day's office on Friday evening last and formed a model airplane club for Kelowna, at the instigation of the Gyro club. The Gyros are instituting a model airplane display for May 24th sports day and are endeavoring to assist the youths in their plans for that day and later in the year.

It is hoped that several small meets will be held during the year by the newly-formed club so that a continuation of interest may be maintained. There are several dozen model airplanes in the city already and many more planned.

The executive committee appointed to help organize the club consist of Raymond Pettigrew, Gordon Jennings, Doug Herbert, Jack Morrison, Tom Landale, Jim Harvey and Casper Yochim.

Monday, every month to discuss activities and to assist each other in general problems.

SAPS YOUR AMBITION

• You can't go out and win if constipation pulls your punches. It's what you don't eat that hurts you. Ordinary diets often fail to supply "bulk" of the kind your bowels need for regular movements. Adopt an easy-to-follow habit that fosters regular habits: Eat Kellogg's ALL-BRAN every day; drink plenty of water. ALL-BRAN helps in the formation of the soft "bulky" mass required for good elimination. And ALL-BRAN is also a rich source of Nature's intestinal tonic, Vitamin B. When your system is running on schedule you are ready to go places.

**SNAP OUT OF IT**  
WITH ALL-BRAN

What He Asked For  
Well, said the lawyer for the defense to his client, "I was certainly surprised at your conviction."  
"I wanted it was all your fault."  
"All my fault?" I put up a courageous fight for you.  
"Yes, sir," you keep yelling at the jury that you demanded justice for me, all they want and give it to me.

The amount of missives to be used in many early recipes was designated by the number of "blazes," a "blaze" being the noise made as the molasses came from the jug.

## OFFICIAL COMMEMORATIVE MEDALLIONS FOR ROYAL VISIT

Canada's official souvenirs of the visit of Their Majesties, King George V and Queen Elizabeth, are commemorative medallions—bronze and silver replicas of the official gold medallions which will be presented to the King and Queen by the government of Canada. The silver medallions will sell for 50 cents and the bronze ones for 10 cents. The silver souvenir will be the size of a fifty-cent piece, and the bronze one a little smaller. These official mementos struck at the Royal Canadian Mint, Ottawa, display on the obverse side joint likenesses of Their Majesties wearing crowns and robes. The reverse side traces the royal itinerary across the map of the Dominion, the design being envisaged by the Crown and Canadian Coat-of-Arms. The medals used in the official souvenir medallions are Canadian mine products. Through cooperation of Hon. N. A. McLarty, K.C., M.P., postmaster-general, they will be sold to the public at all post-offices, sub-post-offices and by letter carriers.

## J. R. NEWSOM IS SELECTED FOR VANCOUVER TRIP

Naramata Road Annual Banquet Provides Visit to Coast for One Member to See King and Queen

J. R. Newsom of Kelowna was the choice of the annual banquet meeting of the Naramata road association to represent the group of volunteer workers at the visit of the King and Queen to Vancouver this month. The banquet was held on Wednesday night at the Royal Anne and the selection was made by drawing a membership ticket from among the many sold during the past few weeks. Mr. Newsom's ticket was No. 203.

Miss M. McLeod, Box 134, Kelowna, ticket No. 1123, was the winner of the month's free pass to the Empress Theatre donated by L. V. Campbell, manager. Dr. W. J. Knox, with ticket No. 1443, was winner of the year's subscription to The Kelowna Courier.

About sixty persons attended the annual banquet last night to hear the report of President H. V. Craig on the progress of the road. New enthusiasm was rampant with the news that the two miles of terrifically hard rock work has now been conquered and the road-building of the future, until the end of the canyon is reached, will be comparatively easy.

The 1938 slate of officers, ten in number, was re-elected by unanimous vote. They consist of J. R. Campbell, J. N. Cushing, H. V. Craig, F. W. Groves, Percy Harding, Roy Hunt, J. B. Knowles, S. T. Miller, R. G. Rutherford and H. Witt.

Charles E. Oliver, termed by President Craig the strongest Naramata road supporter in the south, was present for the banquet once more and gave the volunteers encouragement in their drive towards Naramata. He made a special trip to Kelowna to attend the function.

## REX LUPTON STARS IN SHIPPERS' GOLF

Local Man Captures Trophy in Annual Play at Penticton

R. Lupton who took the Vancouver Ice and Cold Storage trophy was the only Kelowna golfer who at press time had placed in the upper brackets at the shippers' tournament held in Penticton this week. Lupton placed first in the competition with 82 and was trailed by K. Smeed with 77 and Dirker of Vancouver with 79.

C. H. Reid of Penticton won the thirty six hole match for the open championship with E. Herb of New Westminster and T. Dunne of Vancouver placing second and third.

The Pacific Mills thirty six hole handicap found Lawler and Watson tied for first with Shaler of Seattle crowdling them.

R. Grant of Vancouver took the American Can thirty six hole handicap, while the par cup went to C. R. Reid of Penticton.

Ideal golfing weather prevailed for the annual tournament which found all Valley points represented as well as Vancouver, New Westminster, Seattle, Wenatchee, Portland, Edmonton, Saskatoon and Montreal.

### MILITARY CAMP

That the military camp will be held in Vernon towards the end of June, is the only information on this subject yet available in local militia circles. It is confidently believed, however, that it will be a brigade camp, attended by about 2,000 at least.

### SALLY'S SALLIES

## MAKING CANADA A Better Place in Which to Live and Work

A Series of Letters from Distinguished Canadians on Vital Problems Affecting the Future Welfare of Canada

Specially Written for Canadian Weekly Newspapers Association

Dear Mr. Editor:

An ability to write stories does not necessarily presume a shrewd understanding of national affairs, nor does a certain amount of professional skill in the use of words qualify one to tell the editors of weekly newspapers how to improve their journals. I appreciate very much, however, the compliment of your invitation to contribute a letter to this series. Any newspaper reader would appreciate it, because any newspaper reader has a secret conviction that he could do much better than the editor; we would have amazing journalistic achievements in this country if the editors would all retire and permit the readers to take over and put their arm-chair notions into effect—until the sheriff arrived.

As a social organism, the city is merely an enlargement of the town, the province an enlargement of the city, the nation an enlargement of the province. If the affairs of the towns and villages are managed differently, if the people are content to relegate local government to the incompetents and the stuffed shirts it follows that weakness and inefficiency will characterize provincial and national government. I think the weekly newspapers of Canada can exercise a great deal of influence in stressing the fact that government is not something remote and apart, something to be handed over to the mercies of professional politicians, but simply an extension of ourselves.

If the more intelligent citizens of a community are apathetic to municipal affairs and prefer to criticize rather than to serve, they have only themselves to blame. If their local government is weak, nor should they delude themselves in the belief that the effect is merely local. The poison of indifference at the source pollutes the whole political stream. The weekly newspapers, which reflect the standards of their communities but at the same time influence those standards very powerfully, can raise the standard of government throughout all Canada by fighting apathy and indifference in the smaller centres. Many of you, of course, have been doing this, but it needs more doing. Don't leave it to the big dailies to express the editorial viewpoint of Canada; let your editorial page speak for your community. Encourage more letters from your readers—not from the cranks, but from the people who can do something to say. Try to wear your readers away from the idiotic notion that a person who writes letters to the editor stamps himself as being not quite bright. Mr. Bernard Shaw and Mr. H. G. Wells aren't above writing letters to The London Times.

Recent events have given us cause to contemplate democracy a little more analytically than in the past, to realize that it is threatened not only from without but from within. The cancer of decay is more perilous than the bombs of the dictators. If we assume that only rascals or fools would be interested in politics and that decent men would be contaminated by associating with them, then we are in a way giving our affairs into the hands of rascals and fools, and in little better state than the people of those countries governed by bullies. Better government like charity, must begin at home.

Sincerely,

LESLIE MCFARLANE

Canadian author of "Streets of Shadow," "The Murder Tree," "The Root-House," "The Little Men," etc.

## DEANNA DURBIN ROMANCE DENIED

Deanna Durbin, Canadian-born, golden voiced screen star, is pictured here dancing with Assistant Director Vaughn Field at the Victor Hugo cafe in Hollywood. Reports circulated that Miss Durbin and Field might elope were emphatically denied by the actress, who said: "Nothing could be more silly. Hollywood gossip pointed that a romance exists between the two. Miss Durbin is appearing currently at the Empress Theatre in 'Three Smart Girls Grow Up'."

### PENTICTON GOLFERS BRAKEN

Phoning over the Kelowna golf course last Sunday Vernon golfers over-whelmed Penticton by decisive scores, 42 points to 12. Kelowna ladies golf team made an unsuccessful bid last Friday at Penticton to recapture the Rose Bowl trophy in both matches. Miss A. McLymont and Miss D. E. Oliver formed one team and Miss J. C. Kennedy and Miss A. C. Lander the second team.

British Columbia passed through the Penticton canal at the rate of four a day last year.

### CUSTOMS HOURS REMAIN SAME

Although attempts have been made to extend the hours of closing the international boundary line in 12 relief midnight from May 1 to October 31 the hours are still 7 a.m. to 11 p.m. according to information received from Osoyoos. From November 1 to April 30 the hours are from 8 a.m. to 11 p.m.

Hamburg, Germany, plans to construct the world's tallest skyscraper.

The state flower of Pennsylvania is the mountain laurel.

## LETTERS TO THE EDITOR

INCONSISTENT

Kelowna, B. C.,  
May 9, 1939.

To the Editor,  
The Kelowna Courier.

Dear Sir,

One cannot help wondering what human beings are coming to. We censor our films and we censor our magazines, lest our "Innocent" young should read of see anything to remove that illusive bloom of youth. Yet we allow people to speak over the radio, under the cloak of religion, on every conceivable sordid subject under the sun—sex in it's most unpleasant guise and all the seamy side of life.

I beg to state that my twelve-year-old daughter has learned more about sex and moral dirt during the last four or five weeks than she'd get in a year from one of the magazines so smugly banned recently. Surely there are other and more decent ways of making money even in these distressful times.

After listening to our recent "religious" programs, I have sometimes felt like going and taking a bath in disinfectant, yet if a film shows a lady walking round her bedroom in her nightdress, all the old men get together and wonder if it's "quite nice."

If people really want to be immoral, I do not think that listening day after day to a sordid radio program is going to stop them.

And it's not a very pretty subject for children.

When it comes to a circus visiting Kelowna, something that will give wholesome pleasure to the youngsters, besides being educational, there's a hue and cry about money going out of town and everything is put in the way of it coming, and in spite of the fact that a circus spends a lot of money and that if it goes to Vernon, everyone takes their money there.

Everyone wants a circus, but no one is asked, the powers that be say "no." Yet no one puts any difficulty in the way of a "religious" movement that causes mass hysteria among a certain type of people and without any qualms bilks them of their money. If these people do not "take money out of the town," I'd like to know who does.

After weeks of moralizing and morbidity, it seems to me a little wholesome fun would be a blessed relief.

Surely everything that brings pleasure into peoples' lives cannot be wrong—I see nothing particularly immoral in feeding peanuts to elephants.

A TAX PAYER.

### BACK TO SCHOOL

Thursday afternoon of last week being visitor afternoon for the primary class taught by Miss Ross, it was my privilege and pleasure to be a 'kid with the kids' for an afternoon.

A pleasant surprise awaited me. I was astounded at the wonderful advancement made in teaching methods since my 'readin', 'ritin' and 'rithmetic' days. Of the co-operation between teacher and pupil. Gone completely was that stiff classroom air, also the bored, woe-be-gone, and sometimes defiant expressions worn by some of the children when mother was a girl. Every child was eager and willing, trying to do, to the very best of their ability, the task allotted to them.

True, there was a sense of excitement in the air, and perhaps a prideful expression on the faces of the mothers present, but "Why not! are not they, the children, our pride and joy of the future?" And what mother doesn't feel that bursting feeling of pride and joy when her offspring has graced himself with a task well done.

There are so many interesting things to occupy the child's mind at school today.

Two, the method used to develop the different talents and characteristics each child possesses, the sincere regard held for each child as being an individual personality and respected as such by the teacher, her intelligent and patient method of giving each child an "even break." In fact the informal air, and congenial atmosphere of the school room as it is today, put me in mind of a hard working community of little folk each seeming so happy in doing his or her part that I really envied them.

Mothers, when next the opportunity awaits itself take it and see for your selves how our young men and women in the developing.

In conclusion may I compliment Miss Ross for her patience and understanding of her pupils on their orderly manner, which to my mind is quite an achievement considering their short term of training.

## THE CORPORATION OF THE CITY OF KELOWNA

## C.P.R. and Crown Exchange By-Law, 1939

BY-LAW NO. 761

A By-law (Firstly) to authorize the Purchase of Lot Two (2) Registered Plan Two thousand two hundred and seven (2207) in the City of Kelowna in the Province of British Columbia, from the Canadian Pacific Railway Company and part of District Lot Four thousand and thirty-eight (4038), in the Osoyoos Division of Yale District in the Province of British Columbia, from the Crown; (Secondly) to authorize the sale of part of the said Lot Two (2) to the Crown and for accepting in part payment for the same that part of the said District Lot Four thousand and thirty-eight (4038) hereinafter more particularly described and also Lot Nine (9) in Block Fifteen (15), Registered Plan Four hundred and sixty-two (462) in the City of Kelowna in the said Province; and (Thirdly) to authorize the sale of the said Lot Nine (9) to Alexander Cormack Bennett.

WHEREAS the Canadian Pacific Railway Company (hereinafter called the "Company") is the registered owner of Lot Two (2) Registered Plan Two thousand two hundred and seven (2207) in the said City of Kelowna and the Crown is the owner of District Lot Four thousand and thirty-eight (4038) in the said Osoyoos Division of Yale District subject to a lease thereof to the said Company.

AND WHEREAS it has been agreed between the Honourable the Minister of Public Works for the Province of British Columbia representing the Crown, and the said Company and The Corporation of the City of Kelowna (hereinafter called the "Corporation"), subject to the assent of the electors of the said Corporation as follows:

(1) The said Corporation shall sell the said Lot Two (2) to the said Corporation for the sum of Ten thousand dollars (\$10,000.00) cash, clear of encumbrances, and shall surrender all its leasehold rights in the said District Lot Four thousand and thirty-eight (4038) to the Crown.

(2) The said Corporation shall sell to the Crown that part of the said Lot Two (2) hereinafter more particularly described, the same not being required for corporate purposes, for the sum of One thousand dollars (\$1,000.00) cash, clear of encumbrances, and as an additional consideration therefor the Crown shall transfer to the said Corporation that part of the said District Lot Four thousand and thirty-eight (4038) hereinafter more particularly described and also Lot Nine (9) in Block Fifteen (15) Registered Plan Four hundred and sixty-two (462) in the City of Kelowna in the said Province, both clear of encumbrances.

AND WHEREAS the said Lot Nine (9) is not required for corporate purposes and the said Corporation in response to advertisements for offers to purchase the same inserted by it in the Kelowna Courier and Capital News, weekly newspapers circulating in the said City of Kelowna on the Fifth and Sixth days of April, 1939, respectively, received the highest offer therefor from one Alexander Cormack Bennett, namely the sum of two thousand two hundred dollars (\$2,200.00) in cash excluding the building now standing thereon, and the Council of the said Corporation is desirous of accepting the said offer and disposing of the said Lot Nine (9); BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kelowna in open meeting assembled as follows:

1. The Corporation of the City of Kelowna is hereby authorized to purchase of and from the Canadian Pacific Railway Company for and to the use of the said Corporation All and singular that certain parcel or tract of land and premises situate, lying and being in the City of Kelowna in the Province of British Columbia and more particularly known and described as Lot Two (2) Registered Plan Two thousand two hundred and seven (2207) for the price of Ten thousand dollars (\$10,000.00) cash, clear of all encumbrances.

2. The said Corporation is hereby authorized to sell to His Majesty the King in the right of the Province of British Columbia All and singular that certain parcel or tract of land and premises situate, lying and being in the Osoyoos Division of Yale District in the said Province and being that part of the said Lot Two (2) Registered Plan Two thousand two hundred and seven (2207) having the following boundaries, namely:

Commencing at the North East corner of said Lot Two (2) thence North fifty-four degrees and twenty-seven minutes West along the North East line of said Lot Two (2), one hundred and thirty-one and nine-tenths feet (131.9) to the North corner of said Lot Two (2); thence South thirty-nine degrees and fifty minutes West (S39°50'W) along the North West line of said Lot Two (2) one hundred and seventy-seven feet (177) more or less to a point of deflection in said line; thence South forty-two degrees and fifteen minutes East (S42°15'E) one hundred and twenty-nine and three-tenths feet (129.3) more or less to a point of deflection in the South line of said Lot Two (2) fifty-eight and eight-tenths feet (58.8) due West of the South West corner of Lot Three in said Map Two thousand Two hundred and Seven (2207); thence due East along the South line of said Lot Two (2) fifty-eight and eight-tenths feet (58.8) to the South West corner of said Lot Three (3) thence due North along the West line of said Lot Three (3) one hundred and twenty feet (120) to the North West corner of said Lot Three (3) thence due East fifty-eight and one-tenth feet (58.1) to the North East corner of said Lot Three (3); thence North twenty-six degrees and six minutes East (N26°06'E) thirty-nine feet (39.0) along the East line of said Lot Two (2) to the North East corner of said Lot Two (2) the same being the point of commencement, and containing fifty-nine hundredths of an acre (0.59) more or less, which land is outlined in red and marked with the Letter "B" on the Explanatory Plan of F. W. Groves, B.C.L.S., and certified by him on the 6th day of May, 1939, for the sum of One thousand dollars (\$1,000.00) cash and as an additional consideration therefor to accept from His Majesty the King as aforesaid to and for the use of the said Corporation All and singular that certain parcel or tract of land and premises, and land covered with water, situate, lying and being in the said Osoyoos Division of Yale District, and more particularly known and described as that part of the said District Lot Four thousand and thirty-eight (4038) having the following boundaries, namely:

Commencing at a point on the West line of Lot Two (2) Registered Map Two thousand two hundred and seven (2207) fifty-four feet (54) due North of the South West corner of said Lot Two (2), being the South West corner of said District Lot Four thousand and thirty-eight (4038); thence North forty-nine degrees and fifty-four minutes West (N49°54'W) along the South West line of said District Lot one hundred and eighty-two and two-tenths feet (182.2) to the West corner of said District Lot; thence North fifty degrees East (N50°00'E) along the North West line of said District Lot, two hundred and forty-six feet (246.0); thence South forty-two degrees and fifteen minutes East (S42°15'E) one hundred and fifty-four feet (154.0) more or less to a point of deflection on the North West line of said Lot Two (2) said point of deflection being one hundred and ninety-four and seven-tenths feet (194.7) North fifty-one degrees and thirty-four minutes East (N51°34'E) of the North West corner of said Lot Two (2); thence South fifty-one degrees and thirty-four minutes West (S51°34'W) along the North West line of said Lot Two (2) to the North West corner of said Lot Two (2); thence due South along the West line of said Lot Two (2) forty and four-tenths feet (40.4) to the South East corner of said District Lot the same being the point of commencement and containing eighty-three hundredths of an acre (0.83) more or less which land is outlined in green and marked with the letter "C" on the said Explanatory Plan of F. W. Groves B.C.L.S. free of all encumbrances.

AND ALSO ALL and singular that certain parcel or tract of land and premises situate, lying and being in the said City of Kelowna and being more particularly known and described as Lot Nine (9) in Block Fifteen (15) Registered Plan Four hundred and sixty-two (462) clear of all encumbrances.

3. The said Corporation is hereby authorized to sell to Alexander Cormack Bennett of the City of Kelowna aforesaid, Contractor, the said Lot Nine (9) in Block Fifteen (15) Registered Plan Four hundred and sixty-two (462) without the building now standing thereon for the price of Six thousand two hundred dollars (\$6,200.00) cash.

4. The said Corporation through its duly authorized officers shall be at liberty to pay to the said Company the sum of Ten thousand dollars (\$10,000.00) for a conveyance of the said Lot Two (2), free of encumbrances and to execute such conveyances deeds maps receipts and other documents as may be necessary for all of the purposes aforesaid.

5. This By-law may be cited for all purposes as the "C.P.R. and Crown Exchange By-law, 1939."

Read a first time by the Municipal Council this eighth day of May 1939.

Read a second time by the Municipal Council this eighth day of May 1939.

Received the assent of the Mayor of the Corporation of the City of Kelowna this day of 1939.

Reconsidered, finally passed and adopted by the Municipal Council of the Corporation of the City of Kelowna this day of 1939.

Mayor City Clerk

CLERK OF THE CITY OF KELOWNA: The above is a true copy of the by-law as passed by the Council of the Corporation of the City of Kelowna on Thursday May 25th 1939 between the hours of 8:00 a.m. and 6:00 p.m.

G. H. DUNN, Clerk of the Municipal Council of the Corporation of the City of Kelowna.

## Canada In Different Position Today Than Ever Before in History

Hon. Grote Stirling Defends His Policy When He was Minister of National Defence

"The position which Canada finds herself in today is entirely different from that in which Canada has found herself in any other period of her history," declared Hon. Grote Stirling, M.P. for Yale, on April 26, in the House of Commons at Ottawa, in a debate following a lengthy discourse by Hon. Ian Mackenzie, minister of national defence, in which he outlined Canada's defence policy. He defended his own position as minister of national defence in the Bennett government in not keeping up defence standards as they are known today.

"From confederation to the time of the great war, Canada had her militia," he continued. "Air defence was unheard of. Two or three attempts had been made to provide at least the foundation of a naval defence force. For this reason and for that, the force did not come into being. Frankly, Canada relied for the defence of her coasts, her commerce and her neutrality upon the royal navy; and the royal navy has, of course, always been kept up by the taxpayers of the United Kingdom. To that upkeep Canada made no contribution."

"It would be impossible to compare Canada's condition today with the period of the war. It would be just as impossible to compare it with the period which existed immediately after the war, when demobilization was the main business of the day, and when retrenchment was evidently necessary. And that condition carried on until the end of 1934."

"Canada, in her position as a member of the League of Nations, in concert with her fellow members of the league, was just as imbued as any other nation of the whole world with the pursuit of peace. It was Canada's desire that it might be proved that the war which had just been completed was to end war. True it was that there were some who doubted it. True it is that their number increased as that period drew towards an end."

"Then, in the year 1934, it became more and more evident to Canada and the rest of the peace-seeking world that one of the great nations of the world was intending to strike out her signature to documents, to go back on her spoken word, and to throw off the shackles of the Versailles treaty, and an entirely new state of affairs was placed before the world."

But there is one reason to my mind greater than all others to demonstrate the fact that Canada's condition today, the condition of defence which she faces, is different from that which faced her at any other period of her existence. I refer to the fact that this parliament passed the Statute of Westminster. The foundation of that statute was the resolution in the 1926 imperial conference, to which Canada deliberately and delightedly consented. And when we passed the Statute of Westminster we said to the world that we stood on our own feet. Canada then said that she gloried in her position. And whilst there were shoutings to that effect, there were too, whisperings of the fact that Canada, having adopted the glorious and honorable position, must henceforth seek to defend herself more potently than she had defended herself in the past."

"We trusted, as did the other nations of the league, in the integrity of the other nations who joined in the cause of disarmament. True, we can be wise after the event, and say that we went too far. There are hundreds there are millions today who consider that Great Britain, leading the pace in disarmament, went too far. But is it fair to be wise after the event? Will not the students of history, going back over that period, give some praise to Great Britain and those who followed her in the attempt she made to live up to the spoken word and to the signed document which enabled the world to move towards disarmament?"

"It appears to me the same remark could be made with regard to the minister's reference to the condition in which he found his department when he took over as minister. It reminded me Mr. Chairman, of the by-election in Victoria when the minister, announcing that he did not wish to make any use of expenditures for defence purposes at the time of an election felt constrained to do so and did so. On this occasion the minister, drawing attention to the fact that he would not be critical and that he was merely stating facts. And yet it leaves a taste in my mouth that is extremely akin to partisanship. However, it is a factual truth that the minister found those three branches of the defence of Canada in a poorer condition than at the end of 1933 they should have been and he quite properly proceeded to improve it."

"But through those years, when his department ruled was the government of that day to be blamed because it voted only sufficient barely to keep up the three branches of the service? We are a democratic people. Whatever its color may be the government of the day if it be a wise government, is dependent for its policies on its reading of the opinion held by the public. I ask you Mr. Chairman. Would it have been possible through those years of disarmament for a government to come before the House of Commons and ask parliament to vote increased sums for national defence purposes? It has been possible since to do so and this government has done it. It was its obvious duty to do it. But have not all the salient facts on which such matters are based been entirely changed since those days?"

"We have substituted the Canadian navy. When an entirely new vessel was wrecked, we did not replace her. We merely maintained the militia services. When equipment and munitions were depleted they were barely replaced. Retrenchment took place in the air force and planes became obsolete. But the atmosphere of those days was entirely different from the atmosphere Turn to Page 10, Story 1

## MISSION LOCAL SELECTS RAMSAY AS DELEGATE

G. A. Barrat Outlines His Views on Central Selling Deal

The veteran of the Mission B.C.F. G.A. local, R. W. Ramsay, was the unanimous choice of the growers on May 5th at a meeting held to select a delegate to the annual nominating convention. T. Wilkinson was appointed chairman at the meeting, and Mr. Painter acted as secretary.

G. A. Barrat represented the B.C. Tree Fruit Board and devoted his speech to the problems involved in Central Selling, of which he had been a firm advocate for the past 20 years and which was the only way of ensuring to the grower the utmost return from the market. Much as he disliked to introduce a discordant note, he felt bound to warn the growers of the dangers ahead, in apparent opposition to the big majority. Central selling meant handling the entire domestic market over one desk, and at the present time three important shipper groups had expressed their willingness to cooperate—with reservations. Any voluntary scheme must fail as in 1933, and no shipper was likely to disrupt his own sales structure, with the prospect of that failure in mind. Kamloops, Grand Forks and Creston all seemed to have a needless fear of Valley domination, and a considerable tonnage of fruit in the Valley itself was likely to remain outside a voluntary pact, which would add greatly to the cost. Central selling legally enforced appeared to Mr. Barrat the only answer. No hope of federal legislation existed at the present time, as both eastern and western delegates representing fruit growers had been rejected by the government and an all-Canadian delegation was equally unsuccessful. There remained provincial legislation, and while the present marketing act might be upheld before the Privy Council, the protracted and costly dispute would disorganize the market for 1939 and the whole principle of central selling might well founder, leaving many years of chaos to be faced. Mr. Barrat advocated the 1938 plan coupled with a campaign for new legislation at the an entirely new state of affairs was placed before the world."

Mr. Ivens said that 90 per cent of the growers had endorsed central selling and wanted it as soon as possible, and if a voluntary effort could not secure it, the growers should try moral and even brute force if necessary. Mr. Barrat replied that democratic principles founded on the vote and legislation would answer the growers' purpose.

Mr. Wilkinson, a member of the B.C. F.G.A. committee on central selling, said he felt Mr. Barrat's views should be welcomed as constructive criticism but felt sure ways and means could be found to bring success, especially if the growers did not allow themselves to be swayed by criticism from the shippers. Differences of opinion in the south end of the Valley are partly due to the fact that there are in much the same situation that the rest of the growers had passed some fifteen years ago, and such differences could be overcome. Mr. Wilkinson also discussed market prices, stressing the need of improving grades shipped from B.C. and the eventual necessity of extending our sales organization to the prairie.

W. D. Walker expressed his view that the present year was the most critical ever faced by the fruit-growers and with so much dynamite in the situation great care was needed to avoid early mistakes that would lead to disaster.

After some further discussion the meeting elected Mr. Ramsay as their delegate. Mr. Ramsay was not present, being in Kamloops on business, but had signified his willingness to accept nomination.

Mrs. W. D. Walker's lovely creek garden was the scene of a very crowded affair last Monday, May 8th, on the occasion of the Kelowna hospital's annual blossom drive. Mrs. J. Paret and Mrs. H. C. S. Collett presided over the tea at their homes to a number of guests.

## INTERMEDIATE BALL LEAGUE ORGANIZES

Four-Team District Loop to Start Play This Week

A short spring schedule for intermediate baseball teams in the Kelowna district has been announced this week. Four teams are in this loop, these being Winfield, Oyama, and Rutland Rangers and Maroons. Play commences on May 13 and continues until June 17, when there will be a sudden-death game between the two top teams for the cup.

The complete schedule follows:  
May 13—Winfield at Oyama; Rangers at Maroons.  
May 20—Maroons at Winfield; Oyama at Rangers.  
May 26—Maroons at Oyama; Winfield at Rangers.  
June 2—Oyama at Winfield; Maroons at Rangers.  
June 9—Winfield at Maroons; Rangers at Oyama.  
June 10—Oyama at Maroons; Rangers at Winfield.

Toronto.—People of western Canada are sending far more letters by the recently inaugurated Trans-Canada air mail than are easterners. J. A. Wilson, controller of civil aviation at Ottawa, told the Canadian section of the society of Automotive Engineers.

guests, and cars for the drive were provided by Mrs. B. T. Haverfield, Mrs. H. C. Dunlop and Miss M. Page.

Owing to the prevalence of illness among school children, the junior room has been closed for some days, and attendance in the senior room greatly curtailed. No Sunday School was held on Sunday, May 7th, and no children were present at the Children's Service on April 30th, which Rev. S. N. Dixon was to have taken at St. Andrew's Church.

Work is being completed this week on the first stationary spraying system to be installed in the Mission district at Mr. Haverfield's Sherborne Ranch. Some 5,000 feet of pipe were laid last fall through the orchard with nearly sixty outlets and the pump unit with a 1,000 gallon concrete tank has been installed this spring.

M. L. Kuipers has been confined to his home for some days with a sore throat.

Several fine fish were taken in the Mission bay over the week-end, most of them well out in the lake, and fishing should be excellent till the water warms up.

## 1 CANADA IN DIFFERENT

From Page 9, Column 3.

of today. The minister would have been recreant in his duty if on assuming office he had not made himself cognizant of all these facts, and then laid before his council his expression of opinion with regard to rectifying them.

"Many, many times have the figures showing the per capita expenditures of the nations which go to make up the British Commonwealth of Nations been laid before the House of Commons. Canada has not shown up well in the comparison. I am interested to note that again this afternoon the minister has tabled figures which will more nearly bring the comparison up to date. So with the statement the minister has made assisting us in the discussion which will take place, it will be possible, I believe, to arrive at least at our own opinions in regard to the wisdom of the suggestions and the expenditures of money to be made.

"What have we now? We have a small but highly efficient Canadian navy. We know it is efficient because we are able to measure it against the yardstick of the Royal Navy. Last month our six destroyers and our auxiliary vessels carried out combined ex-

ercises with the squadron in the Atlantic, and I am given to understand that our ships carried out their portions of the exercises with distinction. It is true that they ought to be good. All our young officers are trained in the Royal Navy for four years, dating from entry as a cadet to the end of the examinations which produce an acting sub-lieutenant. Those four years are spent in ships and establishments of the Royal Navy. True, their pay and allowances are found by this country. But, this country makes no contribution to the highly valued service which we receive from the Royal Navy in connection with the training of our young officers.

Unfortunately there is perhaps nothing that is more liable to deterioration than a warship. While we have today six efficient torpedo boat destroyers, besides auxiliary vessels, we should remember that two of these torpedo boat destroyers were built ten years ago. These boats were purchased to replace two other destroyers which could hardly be kept in commission. Three years ago we purchased two more destroyers from the Royal Navy to replace two destroyers which required such major refitting that it was not considered advisable to spend the money. That made four destroyers; last year the government purchased two more so that we now have six. Efficient though they are today, let us not forget that they are of a class which has been set aside by the Royal Navy as being obsolescent,

but not obsolete. Within a very few years we shall find ourselves faced with the necessity of purchasing new destroyers to replace the present equipment.

"Our militia is divided into the permanent force and the non-permanent active militia. I think it is quite realized that the permanent force is a small but extremely efficient force, whose duties are largely instructional. It is a matter of great regret to me that the estimates for the permanent force have not been increased. The engineering and ordnance services are undermanned and overworked, and the expenditures we have been making on munitions and fortifications have added to the work of these units. The number of trained instructors available to do the work of training in connection with the non-permanent active militia is such that applications from the non-permanent active militia have to be turned down. I regret that it has been found impossible to increase the vote for the non-permanent active militia, as well as for the permanent forces. A few months ago a balance sheet of one of the units of the non-permanent active militia was laid before me, and I was shocked at the amount of money which it is necessary for the officers, non-commissioned officers and men of the non-permanent active militia to put up in order to keep up the efficiency of their unit. I am delighted to hear that the minister is proposing expenditures on these units, and I believe he referred

## LAST OF ROCKY SIDEHILL SEEN

Volunteer Work Gangs Now Have Clear Route Ahead in Gravel

Last of the rocky sidehill which has bothered volunteer workers for so long in the drive towards Naramata on the east-side road construction was seen on Sunday as the Elks came practically to the gravel section, which extends six miles towards the ultimate goal. This has been a tough piece of construction as the entire route had to be built up. The lower side of the road has been cribbed with huge rocks and fills made all along the way. With so many boulders to excavate and such little dirt or gravel the task has been far from an easy one.

On Saturday, 43 members of the high school gang went out and shoved the road ahead, while the Elks lodge members, numbering 33, completed the rough work. It is expected that progress will be rapid from now on, and with easier going, the crews will probably increase in size.

Next Sunday the Sons of England are planning to turn out in force. Last fall they did a large amount of work and helped the cause considerably.

to boots. These are articles which have been urgently needed.

"It must be remembered that when after long consideration the reorganization of the non-permanent active militia was eventually carried out, it meant that we set up units which required modern equipment. I think the minister will have to tell us when we deal with the item that many of the non-permanent active militia units are without necessary mechanized equipment, instruments, guns and so on which are required in order to train, and much more so in order to use efficiently. The recompense received by a unit of the non-permanent active militia is based upon the numbers of days spent in camp. It seems to me that so long as we look upon the non-permanent active militia as the backbone of our defence, especially now that we recognize the different positions in which Canada is placed, it will be necessary to increase drastically the amounts allowed to these militia units. It will be necessary to increase the training time in order to give more recognition to these men who volunteer for training after they have spent time at their ordinary work.

"Let me say that towards the end of his remarks the minister touched upon one most necessary consideration. I think there are three things which the public will want to ascertain from this discussion. The first is: What have we received for the \$90,000,000 spent in the last three years?

"Second, the public will want to know whether the progress which has been attained since the minister took charge of this department is as great as it should have been. We must remember that he himself has admitted, and everybody connected with the department knows that in future it is perfectly hopeless to rely for our needs upon Great Britain. The minister himself has told us how he set up an inquiry into industry in this country. I am sorry to say that when this inquiry was first instituted it was credibly reported to me that the political tinge of the company was looked into before it was examined. I believe that this was drawn to the attention of the minister and I understand that it has been changed entirely. I have no doubt that today there are few firms in Canada capable of making anything that could be used for defence, the names of which are not on the list and upon which a report has not been made as to their capacity to produce.

"Then the public will want to know if, in view of the inability to obtain deliveries from Great Britain, sufficient progress has been made in the expansion of Canadian industry in every direction so that that industry can provide Canada with her requirements. Then the public will want to know that Canada will get for the \$90,000,000 which is to be spent this year."

### TENDERS FOR COAL

SEAL ED Tenders addressed to the undersigned and endorsed, "Tender for Coal for Western Provinces," will be received until 12 o'clock noon, (day-light saving), Tuesday, May 16, 1939, for the supply of coal for the Dominion Buildings and Experimental Farms and Stations, throughout the Province of Manitoba, Saskatchewan, Alberta and British Columbia.

Forms of tender, with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, the District Resident Architect, Winnipeg, Man., the District Resident Architect, Saskatoon, Sask., the District Resident Architect, Calgary, Alta., and the District Resident Architect, Victoria, B.C.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. In the case of tenders for coal, one or more places or buildings and when the total of their offer exceeds the sum of \$5,000 they must attach to their tender a certified cheque on a chartered bank in Canada made payable to the order of the Honourable the Minister of Public Works equal to 10 per cent of the amount of the tender, or bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada or the aforementioned bonds and a cheque for the amount of the tender to be made up on demand.

The Department also reserves the right to demand from any successful tenderer a security deposit in the form of a certified cheque on a bank made payable to 10 per cent of the amount of his bid to guarantee the proper fulfillment of the contract.

By order

STANDARD OIL COMPANY OF BRITISH COLUMBIA LIMITED PRESENTS

Walt Disney's  
LITTLE PEOPLE

THE  
ADVENTURE ENTITLED:  
"NO THREE  
LITTLE PIG  
PIES TODAY!"

1  
"Aha!" the Big Bad Villain sneers,  
"Tomorrow, my fat porky dears,  
When gaily off to swim you go  
You're sure to have a heap of wool!  
I've drained your oil! Heh! Heh! At last  
I'll catch you for a fine repast!"

2  
They're off! How merrily they go  
Plumb full of joy and hi-de-ho!  
"Turn here," two foolish porkers say,  
"Our swimmin' hole is down this way."  
"Tush! Tush! You boys, don't make me nervous,"  
The third one yells—"First, Standard Service!"

3  
"Good thing you came," says Standard's Man,  
"Here's trouble in the old oil pan.  
So Mr. Wolf's been up to tricks—  
Relax! There's nothing we can't fix!"  
He checks the car from head to heels  
And off they drive with joyful squeals!

4  
With Standard Gas they roll in high!  
The wolf is mad enough to cry!  
"It's Standard Service done my wrong!"  
Wails he. The pigs break out in song:  
"Play dirty tricks, Wolf, if you must  
But meanwhile, please excuse our dust!  
Begone, you rascal! Again you fail!  
It's Hail to Standard! Standard Hail!"

# STUDEBAKER REDUCES

## PRICES ON ALL MODELS

Savings from \$20 to \$30

NEW 1939  
STUDEBAKER CHAMPION  
NOW ONLY

# 872

DELIVERED  
IN WALKERVILLE  
Completely Equipped  
Nothing More to Pay  
COMMANDER as low as \$1177  
PRESIDENT as low as \$1414

NOW you pay less to start  
with and you save money  
every carefree mile you drive a  
good looking, distinctive Stude-  
baker. New low prices—made  
possible by the removal of the  
Import tax—are now in effect  
on the remarkable new Stude-  
baker Champion, as well as on  
the popular Studebaker Com-  
mander and President models.

The new Champion is Stude-  
baker's sensational high quality  
entry in the lowest price field.  
It runs on 10% to 25% less

gasoline than the other well-  
known cars of lowest price. It's  
even more economical than the  
Studebaker Commander which  
won the great gas-saving con-  
test—the Gilmore-Yosemite  
Sweepstakes—under official  
automobile association super-  
vision.

The new low prices on all  
1939 Studebaker models in-  
clude many indispensables for  
comfort, convenience and easy  
handling. Liberal trade-in  
allowance—easy payments.

## PEACHLAND DELEGATE IS SANDERSON

Peach Prices Form Basis of Dis-  
agreement—Barrat Addresses  
Meeting

Thursday evening's tree fruit board meeting at Peachland was quiet on the whole but interspersed with a few moments of subdued feeling as G. A. Barrat who addressed the meeting was questioned regarding some of the activities of the tree fruit board. Mr. Barrat, who stated that he had no apology to offer, said that nothing but the activities of the board had saved the growers from total collapse as in 1922. In view of the circumstances the crop which was the largest in history had been well handled and we were much better off than growers in other points.

He was strongly in favor of central selling he declared having been advocating this for the 22 years he had been in the fruit business, but he felt uneasy for fear that we might not be taking the right step at the outset. With legislation passed next fall then a sound structure could be built for successful operation the following year, but he doubted the advisability of trying to put central selling into effect this year. He also thought a mistake had been made that no member of the Tree Fruit Board had been put on the central selling committee. Questions were asked by A. McKay and W. G. Renfrew, the latter asking why a firm price could not be given to the growers when the fruit was delivered at the packing house. G. Garlinge asked why a firm price could not be given for fruit on the domestic market as well as that sold for export. Criticism of the Royal Anne cherries being forced by the board to go to the processing plants was voiced by B. F. Gummow, who stated that these cherries were still not paid for. His reference to "chisellers" was taken up by Mr. Barrat who stated that they had been largely wiped out in the last few years.

Peach prices came in for comment. J. T. Long stating that the price set in the beginning had been too high, while if a reasonable price could be set and adhered to it would be better. Mr. Long stated that the problem was one of over-production while Mr. Gummow said it was rather under-distribution and he objected to peach prices being set by those who were not interested in peaches.

Mr. McKay suggested that the difference in price between ours and the American price should be added to the dumping duty. Under the new treaty Mr. Barrat stated the government would impose a dump duty for nine weeks, the dates to be set by the board and he felt this would be of great help.

W. B. Sanderson was chosen as delegate to the tree fruit board meeting to be held at Kelowna May 12.

## APRIL MAXIMUM HIT 82 DEGREES

Last Month Was Warm One,  
Weather Report Indicates

April, 1939, was a warm month, with hardly any moisture, the weather report issued by Dave Chapman, government weather observer, indicates. The mean maximum for April was 63.6 and the minimum 36.8. Only .03 inches of rain fell during the entire month.

Hottest day of the month was April 28, when the temperature rose to 82, while the coldest night was on April 4, when the thermometer registered 25 degrees above.

Following is the complete weather report for the month of April:

April	Max.	Min.	Rain Ins.
1	63	44	
2	58	40	
3	57	37	
4	55	25	
5	50	32	
6	53	26	
7	42	32	
8	63	35	
9	58	46	0.2
10	61	36	
11	58	32	
12	60	42

I can easily tell you're a married man. No holes in your socks now!"  
"No. One of the first things my wife taught me was how to darn."

## VETERAN WILL PILOT ROYAL TRAIN

Pictured in the cab of his locomotive at Quebec City, is Engineer Eugene Leclero, of the Canadian Pacific Railway, who will have the honor of piloting the royal train of King George and Queen Elizabeth when they visit Canada next month. Engineer Leclero was a fireman on the royal train of 1901.

## SUNDAY MORNING STREET CLEANING TO BE CONTINUED

Council Accedes to Junior Board's  
Request for Horse Shelter and  
Trough and Street Flushing

At the request of the Kelowna Junior Board of Trade, the city council on Monday night decided to continue the Sunday morning street cleaning which was inaugurated at the request of the former organization late last fall. H. A. Blakeborough, following the reading of a letter from the junior board, was instructed by Mayor O. L. Jones to proceed at once with the street sweeping plan, commencing next Sunday morning.

It was also pointed out that the street flushing program had worked well last year and the council decided that Bernard avenue should be flushed on occasional weeks.

Still another subject was introduced in correspondence from R. F. Parkinson, secretary of the junior board, when he referred to the horse shelter and trough which the city was planning to erect on Leon avenue.

The council turned to Mr. Blakeborough and asked what action had been taken, but the city engineer stated that he had never been authorized to proceed with the work. Alderman Horn stated that materials are available for construction and the council decided to proceed. There is but one difficulty in erecting a water trough, Mr. Blakeborough stated, and that is the lack of drains, but a tap could be placed in the vicinity of the shelter.

All ivory is divided into two classifications, hard and soft. The latter is by far the most desirable. Thin shavings of soft ivory are opaque, while hard ivory is translucent.

## COQUIHALLA RE-OPENS

Improved Kelowna-  
Vancouver Service

Effective on and after Saturday, May 6, 1939, Kootenay Express Train No. 11 will leave Penticton at 10.30 p.m. daily via Kettle Valley line, arriving Vancouver 10.00 a.m. following day.

Connecting bus leaves Kelowna 8.00 p.m. daily, arriving Penticton 10.10 p.m.

Passengers from Vancouver on and after Sunday, May 7, will arrive Penticton 7.30 a.m. making direct connection with bus for Kelowna, arriving Kelowna 9.45 a.m.

# NEW Firestone TIRE SENSATIONS FOR 1939

Firestone  
**IMPERIAL** with Rayodipt  
CORDS

Here is a deluxe tire so amazingly different that it has been acclaimed as the sensation of the year. In construction, as well as in performance, it is completely new. To create it, Firestone engineers developed a revolutionary new type body built of cool-running rayon cords treated by a new and advanced Gum-Dipping process. Its new tread sets new standards for traction, stopping power and mileage while its streamlined styling adds to the smartness of the finest car.

LIFE PROTECTOR  
TUBES

... a Tire within a Tire  
that makes a blowout as  
harmless as a slow leak.

Firestone  
**CHAMPION**

WITH THE NEW SAFETY-LOCK CORD  
BODY AND NEW GEAR GRIP TREAD

After years of research on the speedways of the world and in their laboratories, Firestone engineers have developed a new type of cord body called Safety-Lock, which provides 35% greater strength. This, with Firestone's 2 Extra Cord Plies under the tread, makes possible in the Champion the use of a new, thicker, tougher tread with thousands of sharp-edge angles for quick stopping, and providing far greater non-skid mileage. Never before has a tire offered so much safety and value—and at no extra cost! Have your Firestone Dealer put a set on your car now.

## Boys and Girls Have Anaemia

How you do like to see your children healthy and robust, enjoying outdoor games and building strong bodies and healthy minds. You are insulted when anyone mentions malnutrition. And yet a child suffering from anaemia is starving no matter how much food is set before him.

He has loss of appetite, poor digestion, tired feelings and is fidgety and irritable. He may have eye trouble and is in a weakened condition.

The quick way to overcome the anaemic condition is by use of Dr. Chase's Nerve Food, because this food treatment supplies in condensed form the very ingredients in which the system is lacking. Children respond beautifully to this restorative medicine.

**Dr. Chase's Nerve Food** FOR NEW PEP AND ENERGY.

## CONFIRM SALE OF PROPERTY

Sale of lot 11, plan 1315, to Mrs. Ellen Parish was closed on Monday night by the city council when final reading of the bylaw authorizing the sale of tax property was given. Another bylaw to receive final reading was that concerning the acquisition of the park property at the northern extremity of the city, donated for this purpose by Dr. B. F. Boyce.

Five thousand bees weigh one pound.

## WHITE GEESE OBSERVED AT PEACHLAND

Harry Carter is Baseball Manager —Irrigation Office Opens

A flock of snow white geese resting on the waters of Okanagan Lake at Peachland, on Sunday morning were a source of much interest. They were easily counted to be sixteen in number as they floated on the waters of the bay just north of town for the greater part of the day. At first they were thought to be swans which have often been seen here, when observed closely through glasses they were found to be geese of the same size and shape as the Canada Geese, but snow white in color except for the head and neck and tip of the tail which were a dark brownish grey. In the sunlight the flock appeared on the lake as a streak of brilliant white.

The baseball club elected Harry Carter as manager for the season at the annual meeting held Tuesday evening and plans were made for playing in the league. A drive is to be made for new suits while the council is to be approached regarding a grant for fixing up the grounds. John Gummow was elected secretary.

The Peachland Irrigation District has opened up an office in the Legion hall and H. MacNeill the newly appointed secretary will be on hand on certain days to transact the business of the district and receive payments on rates. The meetings of the trustees are also to be held in this office in future.

The executive of the B.C.F.G.A. met on Wednesday evening in the Legion hall to discuss matters in connection with the annual meeting of the tree fruit board and it was decided to call a public meeting of the organization for Monday evening to instruct the delegate appointed to the Kelowna meeting.

G. Marquart of Merritt and A. E. McKenzie of Aspen Grove were guests at the home of Mr. and Mrs. V. Milner-Jones last week.

Mr. and Mrs. F. J. Speed and family left on Monday, May 1, for Vancouver where they plan to make their home. Their property here has been purchased by G. Topham.

The executive of the dramatic club met on Friday evening at the home of the president M. N. Barwick to finish up the season's business. The club is slightly solvent, finishing the season with a little more than a dollar in the treasury but with a satisfactory record of endeavor and experience.

Mrs. V. Milner-Jones was hostess to the W.A. of St. Margaret's church at her home on Friday afternoon.

Miss M. Kinchin and Miss A. Elliot left on Thursday morning, May 4, for a motor trip to San Francisco and the fair. They expect to be away for about a month.

Mrs. C. Haker who returned to her home during the week returned again to the Kelowna hospital on Saturday and will undergo an operation for appendicitis this week.

Mrs. D. Lyons returned here last week after a trip to Alberta.

Miss Honor Vincent who visited friends at Victoria after finishing her term at U.B.C. returned to her home here this week.

Miss F. Needham of Vancouver is a guest at the home of her sister and brother-in-law, Mr. and Mrs. G. Dell.

Mrs. W. Suddaby and her father J. McLaughlin arrived from Vancouver Saturday to spend the summer here.

## BYLAWS GET FINAL READINGS

Final readings were given to by-laws by the city council on Monday authorizing the striking of the tax rate at 43 mills and giving the council authority at any time to borrow \$50,000 to finance until tax payments are received. The final date for payment of taxes is October 20, after which date the penalty of ten per cent will be applied to all payments made.

## ROYAL VISIT COVERED BY BROADCASTS

Nineteen Broadcasts in First Week of Visit—Two Addresses by King—One by Queen

ARRIVAL ON MONDAY

Quebec, Montreal and Ottawa Visits Covered by CBC

A total of nineteen broadcasts will be given from Quebec, Montreal, Ottawa and Toronto by the Canadian Broadcasting Corporation during the first week in the Dominion of Their Majesties the King and Queen. All will be on the national network.

They will include the arrival of Their Majesties at Quebec, two speeches by the King, one at Quebec and the second from the National War Memorial at Ottawa, a short address by Her Majesty during the laying of the corner stone of the Supreme Court Building at Ottawa, and descriptions by CBC commentators of several important events during the first six days of the tour.

Both speeches by His Majesty will be rebroadcast during evening hours. Highlights of each day's activities will be rebroadcast nightly at 7.15 p.m. PST from Toronto.

Local listeners are advised to cut out the following schedule as CKOV will carry these programs of the Royal Visit from Monday, May 15th, to Saturday, May 20th. All times are Kelowna time.

Monday, May 15th

5.45 a.m.—8.30 a.m. PST—Nine CBC commentators will describe the arrival of Their Majesties at Quebec. Observers will speak from the Prince of Wales bastion, H.M.S. Saguenay, the landing wharf, the Plains of Abraham, the Grand Allee, the Tower and the Red Chamber of the Parliament Buildings, the Main Gate of the Citadel and the St. Louis Gate.

9.45 a.m.—10.30 a.m. PST—His Majesty the King will speak at the federal government luncheon at the Chateau Frontenac, Quebec.

6.30 p.m.—6.45 p.m. PST—Archdeacon E. F. Scott will review the events following the arrival of Their Majesties in Canada. Also a fireworks display description and a band concert on Dufferin Terrace.

7.15 p.m.—7.45 p.m. PST—The main events of the opening of the Royal Visit, including the speech by His Majesty will be rebroadcast from Toronto.

Tuesday, May 16th

10.15 a.m.—10.30 a.m. PST—Commentators will describe details surrounding the arrival of Their Majesties at Park Avenue station in Montreal.

11.30 a.m. PST—The arrival of Their Majesties at Montreal stadium will be described. 15,000 Catholic school children will sing.

11.50 a.m. PST—The official reception of Their Majesties at the Montreal city hall.

12.25 p.m. PST—The arrival of Their Majesties at Molson stadium, McGill University. 15,000 Protestant school children will sing.

6.30 p.m. PST—E. H. Piper in a commentary on the day's festivities in Montreal.

7.15 p.m. PST—Rebroadcast of day's events.

Wednesday, May 17th

7 a.m.—8.30 a.m. PST—The arrival in Ottawa.

7.15 p.m. PST—review of the events of the day in Ottawa.

Thursday, May 18th

10.45 a.m.—11.30 a.m. PST—The King will dedicate and unveil the national war memorial at Ottawa. His Majesty's address will be carried.

7.15 p.m. PST—Rebroadcast of address and events of the day.

Friday, May 19th

6.45 a.m.—7.30 a.m. PST—The voice of Her Majesty will be broadcast during the laying of the corner stone of the supreme court building at Ottawa.

7.15 p.m.—7.30 p.m. PST—Complete details of the day's events will be rebroadcast.

Saturday, May 20th

6.45 a.m.—7.30 a.m. PST CBC commentators will describe the trooping of the colors on Parliament Hill from the main steps of the Parliament Buildings.

6.30 p.m.—6.45 p.m. PST The events of the Royal Visit to Ottawa during the past four days will be reviewed.

## U. B. C. PLAYERS TO APPEAR HERE

The "Curtain Rises" is Caption of Three Act Comedy for Auditorium

The "Curtain Rises" a three act comedy is this year's presentation of the University of B.C. Players' Club in its annual invasion of Interior points. The U.B.C. players are being sponsored in their Kelowna appearance at the Junior high auditorium by the Kelowna senior and Junior high schools, on Wednesday, May 17.

Advance notices from central points indicate that this season's play is outstanding in the annals of the U.B.C. Players' Club and just tops a long list of stellar performances.

Lord Tweedsmuir, when visiting Vancouver on March 10, attended the first showing of the play in Vancouver and expressed complete satisfaction with the production, stating that he had enjoyed the performance immensely.

The students' council members of the two schools have been operating a strenuous ticket selling campaign for this event and it is anticipated that a large audience will be attracted. Net receipts will go towards school funds.

From birth to maturity, the human body increases in height three times, the upper limbs four times, and the lower limbs five times.

26 oz. \$3.25  
40 oz. \$4.85

**AN OPPORTUNITY TO PARTICIPATE IN A CONSTRUCTIVE SPECULATION SAFEGUARDED FROM EVERY POSSIBLE BUSINESS STANDPOINT**

With sufficient funds available to proceed with immediate development, machinery has been purchased for cash and is now being moved on to the property. Initial development will include a low level tunnel from Grasse Creek to penetrate the Rainbow Mountain. \$100,000 has been paid into the treasury and a mine manager has been appointed.

According to reports by eminent mining authorities, the Rainbow Mountain, on the Lower Mainland, on both of the Barkerville Gold Belt, pass through the entire length of the company's properties for a distance of approximately four miles. Dr. Victor Doumago, Consulting Geologist reports, "The exploitation of the Proserpine Group on a large scale is fully warranted."

KELOWNA, B.C.

**"A PROPHET IS WITHOUT HONOR—"**

—in his own country. So runs the old proverb. It seems also to be true of "products" as well as "prophets"—which is unfortunate for the local consumer, because he is liable to pass up something really good.

Today, no one person or place has a monopoly on quality. Knowledge, skill and equipment are available for the making of certain products. In this regard, Vancouver is blessed with a climate and a water supply uniquely suited to the production of Rye Whiskies of the highest quality. Eastern Canadians fully appreciate this!

However, what we wanted to ask of British Columbia people was just to try the brands of Rye Whisky marked "UDL" (see list at side), in comparison with those produced elsewhere. Then they will KNOW they do not have to buy Vancouver-made liquors on a basis of loyalty only!

## POTATOES AS LOSS LEADERS GIVE CONCERN

Imported New Potatoes Sold at Coast Only Slightly Below Old Crop—Vegetable Men Support by B.C.F.G.A.

Interior fruit and vegetable men are disturbed over a loss leader situation which has arisen in the past week in Vancouver, A. K. Loyd, president of the B.C.F.G.A., told The Courier on Wednesday.

According to Mr. Loyd one large grocery chain has been using imported new potatoes as a loss leader to the detriment of local old potatoes. The imported new potatoes have been advertised at 17 cents and the old potatoes at 19 cents. Old potatoes, obviously, would find little sale with such a small price spread.

R. B. Homersham, member of the vegetable board, is at present in Vancouver, interviewing the retail grocery chains on the situation.

Mr. Loyd pointed out that while the B.C.F.G.A. was not directly interested in vegetables, his organization felt that the principle involved in the present case should be opposed. Accordingly the B.C.F.G.A. has sent a telegram to Mr. Homersham supporting his arguments. The producer, it is contended, is penalized when fruit or vegetables are used as loss leaders to attract customers to the stores concerned. The consumer at the same time derives no benefit. The practice of using natural products as loss leaders is strongly opposed by the B.C.F.G.A.

Some organizations advertise certain items below the actual cost as a drawing card to induce the consuming public to visit the store in question. These goods sold below cost are called "loss leaders."

## Kelowna May Queen

BYRDIE GREENING

This smiling, little girl is Miss Byrdie Greening, daughter of Mr. and Mrs. Bernard T. Greening of 110 Lawson avenue, Kelowna. She will be crowned May Queen of Kelowna and district at the Gyro club May 24th sports day in the Kelowna athletic park, having been chosen by her fellow students of the Kelowna junior high school. Two court members were also chosen from the Kelowna schools and attendants and court members have been selected from every school from Peachland to Oyma. The crowning ceremony will take place at 1 p.m. on May 24, immediately following the parade of six to seven hundred school children into the city park grounds. Miss Greening is 14 years of age and is in Grade 9 of the junior high. She was born in Kelowna and takes an active part in her school life, being class representative on the students' council. She is also president of the junior A.Y.F.A.

## 2 PROPERTY OWNERS

From Page 1, Column 7

site, and the unsightly department of public works building now occupying the property will be removed.

Sketch plans showing the C.P.R. property at the foot of Bernard avenue and the public works lot east on Bernard avenue may be seen on Page 1 of this issue and a clear picture of the properties involved can be obtained. The city bylaw, on which the taxpayers are asked to vote, is included in the advertising columns of this issue.

The city council is endeavoring to present the entire deal in as simplified a form as possible and at Monday night's council session it was stated that the taxpayers would be able to vote yes to the entire question.

The net sum which the city will be paying on the whole exchange will be less than \$30,000, when buildings which the city will obtain through the transaction are sold, Mayor O. L. Jones declares.

His Worship, on Monday night, made a direct appeal for the support of the ratepayers on this project and the council was unanimously in favor of the sentiments expressed.

"It is an excellent deal for the city, this acquiring of the C.P.R. property worth at least \$27,000 for \$10,000," declared Mayor Jones. "Besides that, we will get the Bernard avenue property into taxation for the first time in many years and we will gain in the long run. Taxation from this property will more than offset any loss in taxation on the lakeshore property."

"The provincial government will be obtaining title for its ferry approach, which it should have had before, and we hope that a government building will be built there soon. When the buildings are sold, the net cash cost to the city will be less than \$3,000 which is a reasonable figure," he believed.

Alderman Hughes-Games remarked that this will be the first step in the mayor's plans for lakeshore improvement, which he has harbored for some years.

"Regarding the delegation which visited the council last week," continued His Worship, "the city hall plebsite could not have been placed before the public until plans were drawn and estimates handed down. This would have held up the bylaw to purchase the property for some weeks or maybe months, whereas we deemed it advisable to proceed as soon as possible to transact the property transfers and purchases."

"If the taxpayers agree to this property transaction and the deals are consummated, then the council will soon discuss its probable policy for the city," Mayor Jones promised.

Alderman Cather suggested that a larger sidewalk construction program should come before the city hall, but no reply was made to the statement.

## Graduates With Honors

W. E. HUGHES-GAMES

Among the Kelowna district students who are graduating from the University of B.C. today in Vancouver is W. E. Hughes-Games, son of Mr. and Mrs. W. B. Hughes-Games, of Kelowna. He was awarded second class honors when he received his B.Sc. degree in electrical engineering.

England still has about 200 extant windmills in its boundaries.

## SPECIAL TRAINS TIMES ANNOUNCED

C.P. and C.N. Railways to Operate Specials to Main Line

Definite times for the departure and arrival of Canadian Pacific and Canadian National trains to main line points on Sunday, May 28, when the Royal Train will pass along the main line of the Canadian Pacific Railway, have been announced by the two railways.

The special C.P. train leaving Kelowna for Revelstoke will depart from Kelowna at 8:30 o'clock that Sunday morning, and will arrive in Revelstoke at 2:30 p.m. that afternoon. On the return trip the special will leave Revelstoke at 6:55 p.m. and arrive in Kelowna at 12:45 a.m. on Monday.

To Kamloops, the special C.N. train will leave Kelowna at 12:30 p.m. on Sunday, May 28 and arrive at its destination at 5:30 p.m. The return trip will be made from Kamloops at 3:30 a.m. Monday.

Special low fares are being quoted by both railroads, the children's fares being specially attractive.

The C.P.R. has also announced that tickets at the same fares as apply for the special train on Sunday to Revelstoke will be obtainable for the regular train No. 707 from Kelowna to Revelstoke on Saturday, May 27, to accommodate those who wish to make the trip on that day.

## IMPORTANT SUBJECT TO BE DISCUSSED

George L. Murray Will Discuss Canada's Position on the Pacific at Canadian Club

George L. Murray, M.L.A., will address the Canadian Club on Friday evening, taking as his subject "Canada and the Pacific."

Mr. Murray has made an exhaustive study of Canada's, and particularly British Columbia's, future as it is connected with the Pacific. In the last session of the legislature he talked on this subject.

On Friday night he will discuss this province's position as it looks towards the west. Industries, military defenses, transportation, land settlement and the Japanese problem all come within the scope of his address.

The subject is a pertinent one and Mr. Murray has a message of vital importance. Many more than the regular membership of the Canadian Club should make arrangements to attend this meeting.

## GLENMORE

Mr. L. E. Marshall spent the week end in Wenatchee.

Mrs. Frank Burrell is a patient in the Kelowna Hospital.

Mrs. G. C. Hume returned on Monday after a week's stay at Naramata.

Fruit ranchers are again having a difficult time trying to apply the calix spray on account of high winds.

## DO YOU KNOW YOUR HOLIDAY ATTRACTIONS?

Junior Board Committee Conducts Quiz on Facts Tourists Will Ask When Arriving Here

What do you know of the Kelowna district and the entire Okanagan and Interior from a holiday angle?

Would you be able to reply intelligently to questions put to you by tourists who desire to know the holiday attractions and the best fishing spots and where they are located?

In anticipation of the coming tourist season; the publicity and tourist traffic committee of the Kelowna Junior Board of Trade, headed by L. V. Campbell, chairman, Maurice Lane and Jack Treadgold, tested the knowledge of the "junior board members on questions which the visitors to Kelowna would ask, at the well-attended meeting in the Royal Anne hotel last Friday.

On Tuesday Mr. Campbell and Mr. Treadgold attended the Gyro Club meeting and conducted the quiz once more, while a visit to the schools is also anticipated.

At both these meetings Mr. Campbell stressed the importance of making Kelowna known as "The Friendly City," and urged all members to go out of their way to greet tourists arriving in the city and help them find their bearings. Tourists will come back again, if given a friendly reception.

## SNOWSELL ELECTED DELEGATE BY GLENMORE LOCAL

Resolution Urges Delegate to Press for Central Selling

A meeting of the Glenmore fruit growers to elect a delegate to the tree fruit board nominating convention, was held in the school house on Thursday, May 4th.

The meeting was addressed by O. W. Hembling, a member of the tree fruit board, who reviewed the past season's marketing problems. There had been more fruit than ever before to sell last fall he said but the grower benefited by having a controlled market. Mr. Hembling considered the central selling plan suitable, if it is possible to apply it under the present marketing legislation. He expressed the opinion that the manager of the central selling scheme should not be an outside man but should be some one who thoroughly understands the fruit situation. The delegate elected to the convention was E. Snowsell.

The meeting passed the following resolution: "That our delegate press for legislation on central selling as soon as possible."

The annual apple blossom drive took place on Monday with Mrs. F. W. Ferguson Mrs. R. W. Corner Mrs. W. R. Hicks and Mrs. M. D. Wilson as hostesses to six car loads after they had driven around the countryside and viewed many lovely orchards and gardens. Mrs. Jack Snowsell took one car load.

Mr. and Mrs. G. S. Greenland arrived home from the Coast on Thursday of last week and Mrs. Greenland has very kindly offered to once again take charge of the Sunday school which has been closed since last winter. Next Sunday Mother's Day will see the opening of Sunday School again.

## Not in Army

Jews are no longer subject to compulsory military service in Germany, armed forces an order issued jointly by the army and interior ministry decreed. Formerly Jews were incorporated in the so-called Ersatz (substitute) Reserve No. 2. Now they are classed with unworthies, criminals and other undesirable characters.
